Harriman Vetoes Bridge Roadway to 9W; Authority to Construct Connecting Link

Avery Retains Hold on Wards

Incumbent Forces Say Seven Seats Won in Struggle for Big Concern

Chicago, April 23 (P)—How bad a beating Sewell Avery gave Louis Wolfson in the battle for control of Montgomery Ward and Co. was the only question remaining today.

Election inspectors began counting the votes cast at yesterday's annual stockholders meeting. The final decision will not be known for about three weeks.

Sewell Avery won. And Louis Wolfson lost. The only point at which they disputed one another was as to how many friends Wolfson would have with him at Ward's director meetings over the next year.

Wolfson said he took at least three seats, leaving six on the nine-man board for Avery. The Avery forces contended Wolfson took two, leaving seven for Avery. Wolfson said he might "possibly" have taken four.

Actually, neither side could be sure. It would all depend upon how many of the votes cast would be valid. And each side undoubtedly had proxies which were automatically revoked when the same signers sent proxies with a later date to the other side.

Two Sought In Slaying Of Fighter

Trail of Murder Leads From Area

New York, April 23 (P)—City and state police early today questioned acquaintances of smalltime New England boxer Al Frias, 26, who was found shot to death yesterday beside a highway near Monroe.

Frias, whose real name was Altino De Frias, had been shot in the head. An undisclosed amount of money was found scattered around the body, and New Jersey police said an apparently stolen set of New Jersey auto license tags lay nearby.

Police said they were seeking two men who came to New York with Frias from Fall River, Mass.

THE MURDER trail quickly led from upstate Orange county to New York city, where police found \$1,410 in cash in the dead man's hotel room. In a note in the room addressed to an "Uncle Jess," Frias said he was returning \$300 he had borrowed and added: "I've had a rough time of things and have just started to get a break."

Frias' brother, James, of Fall River, Mass., identified the body last night at a funeral home in Harriman. The brother said he (Continued on Page 3, Col. 8)

Laidlaw Advised Regents College Increases Awards

Arthur J. Laidlaw, superintendent of schools, said yesterday he had received notice of Albany legislation which increases Regents College scholarships, and provides for Regents scholarships for nursing.

The legislation was adopted at the 1955 session and has been signed by Governor Averell Harriman. The notice from the office of the State Commissioner of Education, said.

REGENTS COLLEGE scholarships, under provisions of the bill, are increased from 1,694 to 3,388, and it establishes 300 scholarships for nursing.

The Regents scholarships are to be awarded on the basis of examinations held March 1 and 2. Announcement of winners is expected about May 15.

A special examination is scheduled June 13 for the nursing scholarships.

Saugerties Homes May Be Open to Public on May 14

Construction of two model homes on the former Simmons Dairy property at Barclay Heights near Saugerties is progressing "well ahead of schedule" and should be open for public inspection about May 14, it was announced today by the Barclay Heights Development Corporation.

The corporation is a subsidiary of Davis Industries, of New York, of which Jack Davis is president.

The models now under construction are a split-level type known as the Cambridge and a Cape Cod style known as the Bennington.

Streets in the development are being laid out in a curve, the scenic view and create a park-like effect, according to Davis. About 175 homes are being planned for the development, according to a previous announcement.

The development is located on Route 9W eight miles north of the IBM plant.

Red China Ready to Negotiate

Chou Says People Do Not Want War

Bandung, Indonesia, April 23 (P)—Premier Chou En-lai of Red China offered today to negotiate with the United States on tensions in the Far East, including the Formosa area.

In a movement interpreted as the launching of a new Communist peace offensive in Asia, Chou issued this formal statement at the Asia-African conference:

"The Chinese people are friendly to the American people. The Chinese people do not want to have a war with the United States of America."

"THE CHINESE government is willing to sit down and enter into negotiations with the United States to discuss the question of relaxing tension in the Far East, especially the question of relaxing tension in the Taiwan (Formosa) area."

Premier Mohammed Ali of Pakistan said he had forwarded Chou's statement to Washington with some suggestions of his own.

"I think it is a great move for relaxing tension, particularly in the critical Far East," Ali added. "It was my understanding that the negotiations would wait for an answer from the United States."

The Chou statement was issued after an informal luncheon conference that included representatives of the Colombo powers, sponsors of the Asian-African meeting, Thailand, China and the Philippines. The five Colombo powers are India, Indonesia, Pakistan, Ceylon and Burma.

Chou had told the luncheon conference the Peiping regime was ready to negotiate on Formosa, but did not specifically single out the United States as he did in the formal statement, delegates present said.

Burma's Premier U Nu, who has assumed the role of an east-west negotiator and plans a trip to the United States, called Chou's statement "a good step" (Continued on Page 3, Col. 8)

Says Reds Now Have 375 Subs

New York, April 23 (P)—Navy Secretary Charles S. Thomas says the Soviet Union now has a submarine fleet estimated at 375 vessels—seven times the number of German U-boats ready at the start of World War 2.

Thomas, speaking at a dinner last night at the New York Yacht Club, said such a Soviet fleet, in event of war, would mean greater difficulty for our navy to maintain control of the seas.

Town of Ulster Makes Plans for Palsy Drive

Co-chairmen and workers for the Town of Ulster Cerebral Palsy fund-raising campaign held a meeting Thursday night at the firehouse to arrange plans for their fifth annual financial drive. The meeting was conducted by Mrs. De Vall Dunbar, county chairman, and Edward Dingeldey, Town of Ulster chairman, who introduced Dr. Henry L. Bibby, president of United Cerebral Palsy of Ulster county.

DR. BIBBY spoke briefly, comparing the recent success of the years of polio research, which have resulted in the discovery of an effective vaccine, with the relatively new five-year United Cerebral Palsy campaign. One goal has been reached; the other still needs more research and public education and more funds to carry on the expensive work of long treatments of physical therapy at the Ulster county clinic together with further study to determine causes and cures for cerebral palsy which, Dr. Bibby emphasized, is a condition caused by injury to the brain, and not a disease.

FILMS WERE shown, one of the Christmas party at the Kingston CP center, and one demonstrating the physical therapy involved in treating the cerebral palsy.

SALK RECEIVES AWARD FROM IKE—In a ceremony at the White House, President Eisenhower presents a special citation to Dr. Jonas E. Salk (left) for developing a polio vaccine. Two of Dr. Salk's sons are in the background, Peter (left) 11, and Darrell, 8. (NEA Telephoto).

Priority To Decide On Vaccine Allocation Group Will Be Formed

Washington, April 23 (P)—The government moved by voluntary means today to assure that the Salk polio vaccine goes first to those who need it most.

Secretary of Welfare Hobby said she will name, perhaps today, a national advisory committee of seven or nine members—"small, but as broadly representative as possible"—to suggest allocations by states.

Each state is expected to set up its own system of priorities for handling its share of the vaccine.

THE PLAN, developed in a conference here yesterday and approved by President Eisenhower last night, will have no effect on the free immunization of first and second grade school children already under way under auspices of the National Foundation for Infantile Paralysis.

It applies only to the furnishing of supplies to doctors for administering to those not covered by the free program.

In a formal statement after the conference, Mrs. Hobby said statistics showed that an estimated 25,600,000 children can be vaccinated by July 1, but that almost no commercial supplies are available now. The free school program is getting the first quantities.

She said the conference of doctors, public health workers, drug manufacturers and others which developed the allocation plan "accomplished all that we hoped for... there was not one" (Continued on Page 3, Col. 4)

Ulster Has Second Reported Polio Case

Ulster county's second case of polio was reported to the county Health Department on Friday.

At the same time, the State Health Department announced that incidence of polio in the 57 counties outside New York city so far this year was running about 43 per cent below the 1954 level.

The number of cases reported so far, locally and on a state level, is not sufficient to draw any conclusions as to how any decline might be linked with last summer's field tests of the Salk vaccine.

NEITHER OF Ulster county's two polio victims this year had received the Salk vaccine last year, according to Dr. Dudley W. Hargrave, county health commissioner.

The case reported Friday involved a four-year-old boy from the northern part of the county. The case was described as a paralytic case. The patient in the (Continued on Page 3, Col. 4)

Bridge Traffic, Revenue Increase

A higher volume of traffic and a greater gross revenue for January, February and March as compared with the same three months of 1954 were evidenced in a report released today by the New York State Bridge Authority.

Traffic increased by 122,632 vehicles, and the gross revenue for the three-month period was up \$62,075.05. Operating expenses rose to \$16,582.30, while the operating revenue showed (Continued on Page 3, Col. 3)

Dr. Nettleton Dies

Bridgeport, Conn., April 23 (P)—Dr. Irving L. Nettleton, 79, a physician and urologist here for the past 55 years, died last night. Nettleton, a native of Derby, was honored by the Connecticut State Medical Society in 1951 after completing 50 years of membership with that group. Survivors include a son, Earle J. Nettleton of Floral Park, L. I., N. Y.

Proxy Hearing Ends

Boston, April 23 (P)—The Interstate Commerce Commission hearing into the Boston & Maine Railroad's proxy fight ended yesterday. Counsel for the New Haven Railroad and its president, Patrick B. McGinnis, immediately moved for dismissal of the proceedings but Hearing Examiner Jerome K. Kyle said the motion would be referred to the commission.

Dental Group Names Dr. Meinhardt Again

The Ulster-Greene Dental Study Club held its annual meeting and Ladies Night at Broglie's Wednesday evening with 45 present.

Dr. Benjamin Goldstein of Tannersville was elected president; Dr. Harold Gardner of Catskill, vice-president, and Dr. Harry R. Meinhardt of Kingston was elected secretary-treasurer for his 25th term.

Funds Are Available For Span Connection

The bridge approach bill which would have provided a necessary roadway connecting Route 9W with Route 32 at the Kingston-Rhinebeck Hudson river bridge, has been vetoed by Governor Harriman. There was no accompanying memorandum to explain this latest act in vetoing legislation which would have been beneficial to traffic in the Kingston area.

This legislation would have placed the proposed connection on the State Public Works Department map.

Boy Still Is Missing in Rosendale Search Continues For Youngster

David Edge, 5, of Rosendale was still missing as volunteers and deputy sheriffs resumed their search along creek banks and grappling in the creek itself early this morning.

The boy was feared drowned in the Rondout Creek at Rosendale after his toy gun was found on a rock protruding into the water shortly after 5 p. m. Thursday and his hat was seen floating downstream.

GRAPPLING operations were in progress all day Friday and late into the night, when again floodlights were set up by volunteer fire companies and the Central Hudson Gas and Electric Corporation to allow the search to continue after dark. Grappling resumed at 7 a. m. today.

A Central Hudson airplane, used for air observation of power lines, will circle over the area today in an additional attempt to spot the boy's body.

David is the son of Mr. and Mrs. Walter Edge of Rosendale.

THE AUTHORITY'S 21 million dollar bond issue of last month carried an item of \$1,200,000 to be available for the highway link if necessary. It was expected that the authority now would turn to this fund in order to build the road in time for completion of the bridge next year.

Use of authority funds for this purpose, it was pointed out, would in no way restrict plans for preliminary work for the proposed Newburgh-Beacon bridge. Last month's bond issue also provided \$200,000 preliminary development fund for the Newburgh-Beacon span.

Diversion of Authority resources for the link between Routes 9W and 32, however, could prolong attainment of the Newburgh-Beacon Bridge development fund's full sum, it was indicated.

THE KINGSTON - RHINECLIFF road link was considered (Continued on Page 3, Col. 5)

Do It Right...

Daylight Saving Time starts 2 a. m., Sunday, April 24. If you want to get started at exactly the right moment, get up at 2 o'clock Sunday morning and set your clock one hour AHEAD. You can do it the lazy way, of course, by setting it an hour ahead before going to bed Saturday night and waking up on "fast time." Either way is alright, as long as you set the clock AHEAD.

Reserve Board Hikes Cash Needs for Stock Purchases

Washington, April 23 (P)—Starting today, investors must put up at least 70 per cent cash in buying stocks.

The Federal Reserve Board last night boosted margin requirements from 60 per cent in a move designed to check the use of credit on the rising stock market. This was the second such increase in less than four months. On Jan. 5 the board raised margin requirements from 50 to 60 per cent.

The new increase was announced after stock exchanges had ended trading for the week-end.

First reaction on Wall Street was a forecast that the market probably would decline when it reopens Monday, then recover a few days later. One observer said the increase is "not large enough to change the course of the market."

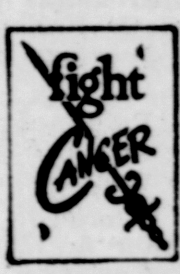

Many stock brokers had been expecting the increase with the rise in credit buying. Some said they had expected the new requirement to be 75 per cent.

Keith Funston, president of the New York Stock Exchange, pledged in a statement that the "new credit restriction will, of course, be observed meticulously" by the members of the exchange. He added: "We realize" (Continued on Page 3, Col. 8)

Incumbent Forces Say Seven Seats Won in Struggle for Big Concern

Chicago, April 23 (AP)—How bad a beating Sewell Avery gave Louis Wolfson in the battle for control of Montgomery Ward and Co. was the only question remaining today.

Election inspectors began counting the votes cast at yesterday's annual stockholders meeting. The final decision will not be known for about three weeks.

Sewell Avery won. And Louis Wolfson lost. The only point at which they disputed one another was as to how many friends Wolfson would have with him at Ward's director meetings over the next year.

Actually, neither side could be sure. It would all depend upon how many of the votes cast would be valid. And each side undoubtedly had proxies which were automatically revoked when the same signers sent proxies with a later date to the other side.

**WARD'S MEETING** was adjourned until May 13. On that date the election inspectors will report on the total number of valid votes cast, and how they were distributed between the two slates.

Then, anyone who voted may change the distribution of his votes among the nominees of one slate. He'll be given 24 hours to do it. But he can't shift from one slate to the other—from the Avery to the Wolfson nominees, for example.

This ruling will enable the two proxy committees, one representing Avery and the other Wolfson, to cumulate their votes for the directors they want.

Under Ward's cumulative voting system, the percentage of votes necessary to elect one director is 10 per cent of the total votes cast plus one vote. For Wolfson to get the three places on the board he claims, he will have to have 30 per cent of the total cast plus three votes.

**AT THE END** of yesterday's five-hour stockholder session, Avery issued a statement saying: "I am very grateful to the stockholders for their expression of confidence. . . . Outside of the holdings of his own group, Mr. Wolfson received only a small minority vote."

Several hours later Wolfson issued a statement claiming a "tremendous victory," adding: "I have eliminated the stagger system of electing only three of nine directors each year. I have elected a minimum of three members and possible four to the board of directors of Montgomery Ward's private club of directors."

Edmund Krider, Ward's president, estimated 5,200,000 shares of stock supported the Avery slate. Edmund A. Stephan, an

KIND OF KINDNESS

Whenever we compute the key assets of this old world we had better make sure we do not overlook the importance of kindness. For without kindness the world could never have been; and without it it cannot continue. One of the main bricks in hope's foundation must always be a spirit of heart-felt concern for one another.

There are different kinds of kindness—just as Hines Pickles have their "varieties." Some kindnesses are expected while others come as delightful surprises. Some are ordered while others issue from a true heart of love and understanding.

Now it almost goes without saying that the kindnesses that are born in pressures are robbed of much of their thunder. The gentle touch that common decency orders may be helpful; but there is not too much virtue in it. Such touches are like the signs which are hung on the salesmen's side of a cash register: "Do not fail to smile at the customer!" That is more than just a suggestion; it is a hint with a barb in it. If the boss catches you ignoring the suggestion and thus passing out grins instead of smiles—watch out for your job! Such smiling is a part of the company's requirements. It is one of the primary requisites for holding the position with the firm.

Courtesies that are little more than commercial necessities are suspect. They turn coat when the pressures are off. I often wonder how much kindly smiling a man does at his wife when he gets out from behind the cash register and the grueling demand for cheerfulness is removed until another morning. That is the real test. Does he trudge home at night, with his smile all worn out for the bread and butter purposes, and proceed to serve up something which is a far cry from a smile to the little lady who keeps his house and mothers his children? Perhaps the store that demands kindness for customers ought to be a little more aware of the domestic industry which their requirement creates.

In any case, the kind of

Does he trudge home at night, with his smile all worn out for the bread and butter purposes, and proceed to serve up something which is a far cry from a smile to the little lady who keeps his house and mothers his children? Perhaps the store that demands kindness for its wares ought to be a little more aware of the domestic liability which their requirement creates.

In any case, the kind of kindness which is such an important asset to the world is not the brand that has the dollar sign on it; but rather that which has the heart in it. Goethe used to say that "kindness is the golden chain by which society is bound together." But it has to be the heart variety; and not some cheap substitute that is trooped up for dollar reasons.

"Have you had a kindness shown?"

Pass it on.

"Was not given for thee alone, Pass it on."

Let it travel down the years, Let it wipe another's tears, 'Till in Heaven the deed appears— Pass it on."

## "I Was Marked With The SIGN OF THE CROSS"

"I knelt with others in a half-circle about the altar.

"My hands were anointed with holy oil by the Bishop and wrapped carefully in new linen.

"The ancient prayers of the Church were being recited over me. The hands of the Bishop were laid upon me just as the hands of St. Peter and St. James and St. Paul were laid upon the young disciples they sent forth to labor, to teach, and to die.

"The chalice with wine and water and a small dish holding the unconsecrated bread were entrusted to me. The priestly vestments were placed upon my shoulders.

"I was being consecrated to God and to the service of souls. I was being marked with the Sign of the Cross.

"I was receiving the Sacrament of the Catholic priesthood, usually referred to as Holy Orders... instituted by Christ, conferred by the Apostles, and continuing in unbroken succession nearly 2,000 years since the time of Our Lord."

Some may scoff at the solemn ceremonies that attend the Ordination of a Catholic priest, and question the good sense of a man who surrenders many of life's material pleasures for such a calling. Others may doubt that the Catholic priest possesses any Christ-given office or powers which other men do not possess.

Perhaps you have heard someone challenge the authority of the priest to forgive sins, and his power to consecrate the Body and Blood of Christ in the Holy Sacrifice of the Mass. You may have been told that you can deal directly with God and don't need a priest or any mediator other than Jesus Christ.

It is a fact that many do hold these beliefs. But can you be sure, deep down in your heart, that they are right?

Holy Scripture tells us plainly that Christ did establish a priesthood to represent Him... that He did command His Apostles to "go forth and teach all nations"... that He said: "Whose sins you shall forgive they are forgiven them"... that at the Last Supper He set the example for an unbloody sacrifice, and said: "Do this in remembrance of Me."

God is, certainly, the ultimate source of everything. But He works through many "deputies." He uses the farmer to supply us with food... our parents, teachers, and scholars to educate us... physicians to treat our physical ills. Even in the creation of our life itself, He manifests His power through our parents. And in matters concerning the salvation of our souls, He tells us: "Hear the Church."

## KHS Adult Head To Attend School Meeting Upstate

Hubert Hoderath, director of adult education of the Kingston school system, will participate in the annual State Adult Education Conference at Syracuse Monday and Tuesday, April 25 and 26.

The conference, conducted by the Bureau of Adult Education, New York State Education Department, will bring together more than 80 community leaders to relate to the directors of public school adult education the stories of their partnerships in the extension of adult education activities. The leaders include representatives from business as well as religious, service and civic groups.

Major addresses at the conference will be given by Governor Averell Harriman; Dr. Edwin R. Van Kleeck, assistant commissioner for pupil personnel services and adult education; Philip C. Wolf, president of New York State School Boards Association, and R. J. Pulling, chief of the bureau of adult education.

## Claims Injuries In City Collision

Leo Reynolds, 58, of 22 Ann street, was treated by private physician for injuries to his neck following a car-truck collision shortly before 5 p. m. yesterday at Abel and DeWitt streets, according to a report on the city police blotter.

Officers Glassman and Keller reported that Reynolds was operating his 1950 passenger car east on Abel street near DeWitt street when he was struck in the rear by a 1949 truck owned by the Ulster Fuel, Heat and Power Co. of Kingston. The truck was operated by Roland Jackman, 33, of 104 Second avenue. The officers said:

Both car and truck had to be towed away. The car was damaged in the radiator, muffler and tail light and the truck in the front end, police said.

## Harriman Vetoes

A necessity for convenience of the bridge users. Without the connection, traffic would be forced to use Route 32 south to Kingston and north to a point near Saugerties before reaching Route 9W.

Authority members said the veto was not the first gubernatorial opposition to establishing Public Works Department responsibility for this or similar projects.

In 1952 Gov. Dewey vetoed a bill which would have put connecting links on the state highway map between the Kingston-Rhinecliff span's western terminus and the Kingston Thruway interchange and between its eastern terminus and the Taconic Parkway, it was explained by the Bridge Authority.

**EARLIER THIS WEEK** the governor vetoed the Kingston arterial route legislation which would have provided for a connection between Route 209 and the Thruway as well as eliminating the dangerous bottleneck caused by the antiquated Washington avenue viaduct.

The Kingston-Rhinecliff bridge approach bill was introduced in the Assembly by Assemblyman Kenneth L. Wilson and his bill was substituted in the Senate for the bill of Senator Wicks and the legislation was passed by both houses.

Under the bill there would have been provided a connecting roadway from the bridge approach to Route 9W where traffic could connect with the New York State Thruway. With work progressing rapidly on the bridge it is entirely possible the bridge will be ready for traffic next year.

**ASSEMBLYMAN WILSON** was notified of the veto late Friday afternoon. Asked for comment on the act of the governor, Wilson said the veto was "bad" but at the moment he had no further comment since he understood there had been no memorandum explaining the action of the governor. Wilson said he would want to give the matter further consideration and study before making a public comment. Senator Wicks is vacationing in Florida, where he went following the close of the legislative session.

Work on the eight piers and west abutment of the bridge is practically completed, and all piers on the west side of the river are due for completion by mid-May and work on the east side piers and abutments will be resumed next month. All footings are in there and the rest of the work will take about three months.

The bridge, located north of Kingston, has no connecting road to Route 9W or access to the thruway and without a connecting roadway will "end in a cow pasture," Wilson said. The bridge when completed will give a direct route from the west side of the Hudson river to New England and will form the direct route over Highway 209 from Pennsylvania and the west, as well as being a connecting link between New England and the New York Thruway.

## Bridge Traffic

An increase of \$45,492.75, according to the report.

Vehicles using the bridge authority facilities were listed at 1,384,589. The gross revenue for the three months was \$379,055.70. Operating expenses were reported as \$107,575.09, while the operating revenue was listed by the bridge authority as \$271,480.61.

**DOODLEDORFERS TO HELP CP**—This is Kingston's famous Doodledorfer Band ready to play in the Fifth ward on Monday night, May 2, during the house-to-house canvass to raise funds for United Cerebral Palsy. They were engaged by Anthony Alecca, who will head the campaign for funds in his ward. The comedy musicians (l-r) are Henry Abramowitz, Charlie Lucas, director; John Emmet, Stanley Baliszewski and Bud Lucas. Having made many items of furniture for the Ulster County Cerebral Palsy Center, 400 Broadway, Mr. Alecca has been interested in helping CP patients for a number of years, and hopes that the 1955 drive will be very successful. He said the Doodledorfers will play on various corners in the ward as solicitors visit homes for contributions. (Freeman photo).

## Priority to Decide Darrow Elected By Savings Group

H. Van Wyck Darrow, executive vice president of the Savings and Loan Association of Kingston, was elected vice president of the Southeastern New York League of Savings and Loan Associations at that group's annual meeting at the Hotel Thayer, West Point, Thursday.

Darrow had served the league as its secretary-treasurer for one year prior to his elevation to the vice presidency. The newly-elected president is a Percy Hall of the Warwick-Monroe Savings and Loan Association. James Staklum of the Beacon Savings and Loan Association was elected to the secretary-treasurer post held last year by Darrow.

A delegation of 13 persons representing Kingston's two savings and loan associations attended the meeting. Dr. Charles Noble, Dean of the Chapel at Syracuse University, was the main speaker.

**Ellenville Man Held After Auto Mishap**  
Joseph Fleury, 58, of Oak Ridge road, Ellenville, was arrested on a charge of driving while intoxicated after his pickup truck and an automobile southwest of Route 52, two miles west of Pine Bush about 10:25 p. m. Friday, state police reported.

Arraigned before Justice of Peace Arthur Voshage of the town of Shawangunk, Fleury entered a plea of innocent and was released on \$25 bail for hearing April 30.

Troopers said Fleury's truck and an automobile driven by Joseph DeCaro of Pine Bush Lake Estates sideswiped from opposite directions. No personal injuries were reported.

**Will Vote on Proposal**  
New York, April 23 (AP)—Some 4,000 delegates to the 20th triennial convention of the Young Women's Christian Assn. vote today on a proposal to check the YWCA's inter-racial practices against its inter-racial policies. The recommendation was submitted yesterday by Mrs. E. Harris Harbison, of Princeton, N. J., chairman of the leadership services committee of the organization.

## Appointed Leader

goal of \$99,521,275, and also will be used to support recognized Jewish philanthropic agencies and local needs.

In accepting the chairmanship of the local drive, Mr. Rafalowsky called for "an extra effort this year to help Israel's people continue the building of their democratic freedoms and to provide life-giving and life-renewing services for close to 500,000 men, women and children while there is still time."

**MR. RAFALOWSKY** has been chairman of numerous drives and funds in the past, including the Cancer Crusade for two years and the drive of the Franklin AME Zion Church. He has long been active in the affairs of the Central Business Men's Association, which he was instrumental in organizing, and he still serves on the executive board of that association. He also served as chairman of the drive to boost Central Broadway. He was president of Congregation Ahavath Israel for over 20 years and introduced the annual Thanksgiving Eve Ball to the social life of the community. He has served as chairman of this ever since its origin, about 18 years ago.

**MR. RAFALOWSKY** cited four main campaign objectives for which he said "the greatest possible amount must be raised without delay." He listed them as:

The earliest possible movement to Israel of at least 30,000 of the more than 80,000 Jews in tenement-ridden North Africa who have applied for such help and their prompt settlement on farms under a special ship-to-settlement plan.

Helping the democratic-minded people of Israel to strengthen their economy and to maintain their country as a haven for the homeless and oppressed.

Maintaining a great network of urgent welfare and rehabilitation services in Israel, Europe, Moslem lands and the United States.

Assisting the numerous social, religious and educational organizations and institutions deserving of the support of the public. Pointing to the tense situation in the vast area of Moslem lands stretching from Morocco to Iran, Mr. Rafalowsky warned that "we cannot prophesy what lies ahead for Jewish men, women and children in these areas, especially in North Africa. Tens of thousands have asked to be moved to Israel this year. Remember, too, that the people of Israel are in a race against time to build their economic independence. That is why we must forge ahead with the UJ program while there is still time."

**NOTING THAT 1955** marks the culmination year of a decade of UJA postwar activities, Mr. Rafalowsky called for "a great outpouring of giving to mark this as the finest campaign of the 10 years since the end of World War 2." He added that, "UJA supporters have written a magnificent record of rescue, resettlement and reconstruction during this postwar period. By closing this decade with our greatest effort, we can give great impetus to a humanitarian work that has been done well but is not yet finished."

Since the founding of the United Jewish Appeal in 1939, Mr. Rafalowsky said, "It has helped to save and aid more than 2,500,000 distressed and homeless men, women and children." UJA funds, he explained, support the life-saving and freedom-building programs of three constituent agencies: the United Israel Appeal, Joint Distribution Committee, and New York Association for New Americans.

**May Stay in U. S.**  
Hartford, Conn., April 23 (AP)—A 13-year-old New Haven boy who was less than a year old when he was brought here from Canada by his parents has won the right to remain in the United States. The government yesterday dropped deportation action from which would have sent Peter Ong back to Canada. The boy's mother, Mrs. Linda T. Ong is a Far Eastern language instructor at Yale. She qualified for permanent U. S. residence in this country as a Chinese refugee.

**Annuity Pays Off**  
Stony Brook, April 23 (AP)—Pensionists, consider the case of Miss Julia Henrietta Sherry, who took out an "old age" annuity in 1934 when she was 79. Tomorrow Miss Sherry will be 100 years old. Yesterday she collected her semi-annual annuity check of \$234.99, which brings to \$9,634.59 she has realized on her \$3,000 investment 21 years ago. She has outlived the life expectancy table, on which her policy was calculated, by 13 years.

**Town of Ulster**  
tive director of the CP center told of the need for another therapist, and explained that the services of the clinic are not confined to cerebral palsy but are available to children handicapped in any way.

Co-chairmen for the Town of Ulster are as follows: Mrs. Gifford Beal and Harold Baltz, Flatbush; Harold Maccholdt, Sunset Park; Mr. and Mrs. Charles Kelder, Lincoln Park; Mrs. Sherwood Davis, Richmond Park; Mrs. Walter Perret, Lake Katrine; Mrs. Leonard Belmore, Addicksville; Mrs. J. Frederick Scott, Millers Lane and Lucas avenue; Charles McCullough, East Kingston; Miss Alice Newell, Old Stagecoach Road; Mrs. Gordon Corey, Foxhall Manor area.

**Visits Farm Home**  
Gettysburg, Pa., April 23 (AP)—President Eisenhower had a chance today to see how his wife has been coming along with the furnishing of their new farm home. The President drove up from Washington late yesterday for a weekend of rest and perhaps a round or two of golf. Awaiting Eisenhower was his wife who has been at their 189-acre farm since March 31, recuperating from what the White House has described as a respiratory infection. She also has been furnishing the restored farmhouse.

## Two Sought . . .

had no idea why his brother had been murdered. Frias' father, Manuel, a Providence, R. I., machine operator with whom the welterweight fighter made his home, said his son left for New York last Tuesday night. The elder Frias said his son "told me Monday night he had \$60."

**FRIAS, BOXING** as a professional since 1953, had a total of 12 fights and lost the last 8. Last Saturday he was knocked out in a bout at Boston. He received \$75 for the preliminary battle, and his manager, Frank Camuso, got \$25.

In Boston last night, Massachusetts Boxing Commissioner Henry Lamar said the commission had suspended Frias Thursday for fighting in the Saturday night bout after his license had expired. Camuso, of Fall River, also was suspended.

Police said the 155-pound boxer, an ex-marine and unmarried, had an arrest record for drunkenness, assault and battery, and speeding.

His body was found yesterday by highway workers in a wooded section along Route 210 about four miles south of Monroe. The site is about three miles west of Bear Mountain-Harriman State Park and not far from fashionable Tuxedo Park.

## Avery Retains

attorney for Wolfson, estimated they had 2,125,000 shares.

This adds up to more than the 6,703,932 shares of Ward's stock outstanding. Each side could have the number of shares it claims, the discrepancy resulting from the fact some stockholders sent in proxies to each side.

This will be ironed out in the tabulation of votes over the next three weeks.

**THE BALLOTING** yesterday climaxed an eight-month campaign for Wolfson, a 43-year-old Florida industrialist who has risen rapidly in business circles since the end of World War 2. He attacked Avery's conservative policies and said he would expand Ward's activities.

Avery, 81, countered with the statement Wolfson was leading a "raiding party" to grab Ward's "large liquid assets." He attacked Wolfson's record with other companies he heads, such as Merritt-Chapman & Scott, a construction firm, and Capitol Transit of Washington, D. C.

The battle was for one of the most famous American business firms. Ward's has 68,000 stockholders and 52,000 employees. It also has \$721,274,577 in assets, of which \$327,215,778 is in cash or government bonds.

## Red China Ready

toward ending world tension."

Prime Minister Nehru of India refused immediate comment.

**THE STATEMENT** was not issued at a regular conference session and many delegates did not know about it. Immediately after the statement was released, a Chinese delegation spokesman was asked whether there was anything to be added to Chou's declaration. "We will now await the response to the statement," he replied.

Asked if this meant that China now favored a 10-power Formosa conference as has been proposed by the Soviet Union, the spokesman said:

"This means we want direct negotiations. The United States, however, does not recognize the Communist Chinese regime."

## Reserve Board

of course, that the Federal Reserve Board is just as concerned as the stock exchange is with maintaining share ownership of American business on a sound credit structure."

Reserve board figures show that credit in stock purchasing recently hit new highs.

At the end of March, customers owed stock brokers and dealers a total of \$2,652,000,000 on margin accounts. This was the highest level in the 24 years such records have been kept. On April 20 federal reserve member bank loans to brokers and dealers in New York and Chicago stood at \$1,957,000,000—the biggest total since 1938 when these records began.

**Visits Farm Home**  
Gettysburg, Pa., April 23 (AP)—President Eisenhower had a chance today to see how his wife has been coming along with the furnishing of their new farm home. The President drove up from Washington late yesterday for a weekend of rest and perhaps a round or two of golf. Awaiting Eisenhower was his wife who has been at their 189-acre farm since March 31, recuperating from what the White House has described as a respiratory infection. She also has been furnishing the restored farmhouse.

**Reservations Remain**  
A few reservations still remain for the Veterans of Foreign Wars Citizenship Award Dinner which will be held at the Governor Clinton Hotel Tuesday evening, April 26, when Bob Browning will be honored. These reservations may be made by contacting Hubert Richter or the Veterans of Foreign Wars Home. Joseph Lombardo, senior vice-commander of the Department of New York, VFW, will be the guest speaker. City Judge Raymond Mino will preside.

## KHS Adult Head To Attend School Meeting Upstate

Hubert Hoderath, director of adult education of the Kingston school system, will participate in the annual State Adult Education Conference at Syracuse Monday and Tuesday, April 25 and 26.

The conference, conducted by the Bureau of Adult Education, New York State Education Department, will bring together more than 80 community leaders to relate to the directors of public school adult education the stories of their partnerships in the extension of adult education activities. The leaders include representatives from business as well as religious, service and civic groups.

Major addresses at the conference will be given by Governor Averell Harriman; Dr. Edwin R. Van Kleeck, assistant commissioner for pupil personnel services and adult education; Phillip C. Wolz, president of New York State School Boards Association, and R. J. Pulling, chief of the bureau of adult education.

## Claims Injuries In City Collision

Leo Reynolds, 58, of 22 Ann street, was treated by private physician for injuries to his neck following a car-truck collision shortly before 5 p. m. yesterday at Abel and DeWitt streets, according to a report on the city police blotter.

Officers Glassman and Keller reported that Reynolds was operating his 1950 passenger car east on Abel street near DeWitt street when he was struck in the rear by a 1949 truck owned by the Ulster Fuel, Heat and Power Co. of Kingston. The truck was operated by Roland Jackman, 33, of 104 Second Avenue, the officers said.

Both car and truck had to be towed away. The car was damaged in the radiator, muffler and tail light and the truck in the front end, police said.

## Harriman Vetoes

a necessity for convenience of the bridge users. Without the connection, traffic would be forced to use Route 32 south to Kingston and north to a point near Saugerties before reaching Route 9W.

Authority members said the veto was not the first gubernatorial opposition to establishing Public Works Department responsibility for this or similar projects.

In 1952 Gov. Dewey vetoed a bill that would have put connecting links on the state highway map between the Kingston-Rhinecliff span's western terminus and the Kingston-Thruway interchange and between its eastern terminus and the Taconic Parkway, it was explained by the Bridge Authority.

**EARLIER THIS WEEK**  
The governor vetoed the Kingston arterial route legislation which would have provided for a connection between Route 209 and the Thruway as well as eliminating the dangerous bottleneck caused by the antiquated Washington Avenue viaduct.

The Kingston-Rhinecliff bridge approach bill was introduced in the Assembly by Assemblyman Kenneth L. Wilson and his bill was substituted in the Senate for the bill of Senator Wicks and the legislation was passed by both houses.

Under the bill there would have been provided a connecting roadway from the bridge approach to Route 9W where the New York State Thruway bridge is entirely possible the bridge will be ready for traffic next year.

**ASSEMBLYMAN WILSON**  
was notified of the veto late Friday afternoon. Asked for comment on the act of the governor, Wilson said the veto was "too bad" but at the moment he had no further comment since he understood there had been no memorandum explaining the action of the governor.

Wilson said he would want to give the matter further consideration and study before making a public comment. Senator Wicks is vacationing in Florida where he went following the close of the legislative session.

Work on the eight piers and west abutment of the bridge is practically completed, and all piers on the west side of the river are due for completion by Merritt-Chapman & Scott, Corp., contractors for the substructure, by mid-May and work on the east side piers and abutments will be resumed next month. All footings are in there and the rest of the work will take about three months.

The bridge, located north of Kingston, has no connecting road to Route 9W or access to the thruway and without a connecting roadway will "end in a cow pasture" Wilson said. The bridge when completed will give a direct route from the west side of the Hudson river to New England and will form the direct route over Highway 209 from Pennsylvania and the west, as well as being a connecting link between New England and the New York Thruway.

## Bridge Traffic

an increase of \$45,492.75, according to the report. Vehicles using the bridge authority facilities were listed at 1,384,589. The gross revenue for the three months was \$379,057.00. Operating expenses were reported as \$107,575.09, while the operating revenue was listed by the bridge authority as \$271,480.61.

**DOODLEDORFERS TO HELP CP**—This is Kingston's famous Doodledorfer Band ready to play in the Fifth ward on Monday night, May 2, during the house-to-house canvass to raise funds for United Cerebral Palsy. They were engaged by Anthony Alecca, who will head the campaign for funds in his ward. The comedy musicians (l-r) are Henry Abramowitz, Charlie Lucas, director; John Emmet, Stanley Baliszewski and Bud Lucas. Having made many items of furniture for the Ulster County Cerebral Palsy Center, 400 Broadway, Mr. Alecca has been interested in helping CP patients for a number of years, and hopes that the 1955 drive will be very successful. He said the Doodledorfers will play on various corners in the ward as solicitors visit homes for contributions. (Freeman photo).

## Priority to Decide

dissenting note in the day's activities.

**THE RECOMMENDATIONS**  
were: Establishment of a national advisory committee to recommend voluntary allocations on a state-by-state basis, aimed at assuring availability to children 1 through nine years of age at the time it is most needed.

Creation of state committees composed of health, medical and drug industry representatives to handle immunization plans within each state and establish such age group priorities as may be deemed necessary. In the absence of specific state plans priorities should be considered for children 1 to 10 years of age.

A continual check by technical experts on the use of the vaccine, to consider whether any changes should be made in the dosage schedule, and to study most effective ways of utilizing the vaccine.

The recommendations also proposed that distribution be handled through the usual channels of trade—from manufacturer to wholesaler druggist to retail druggist.

## Ulster Has . . .

first case reported, a resident of the southern part of the county, is now undergoing rehabilitation treatment.

Last year, there were no cases of polio reported in Ulster county during the first three months. Total for the year in 1954 in Ulster county was 17, of which nine were resident cases and eight non-resident cases.

The State Department of Health said there was "always a good deal of variation" in polio incidence from year to year, and this is especially true during the early part of the year.

**ABOUT 94,000** children in 20 upstate counties received the vaccine during the tests last year. In Ulster county, 1,413 children were given the Salk vaccine.

In the state, 25 cases of paralytic polio had been reported through April 22 of this year. Over the same span in 1954, 44 cases were reported.

On a nationwide scale, 1,064 polio cases were reported from Jan. 1 through April 2 this year, compared with 1,553 in the same period last year.

## Flood Threat Eased

## Darrow Elected

By Savings Group

H. Van Wyck Darrow, executive vice president of the Savings and Loan Association of Kingston, was elected vice president of the Southeastern New York League of Savings and Loan Associations at that group's annual meeting at the Hotel Thayer, West Point, Thursday.

Darrow had served the league as its secretary-treasurer for one year prior to his elevation to the vice presidency. The newly-elected president is Percy Hall of the Warwick-Monroe Savings and Loan Association. James Staklum of the Beacon Savings and Loan Association was elected to the secretary-treasurer post held last year by Darrow.

A delegation of 13 persons representing Kingston's two savings and loan associations attended the meeting. Dr. Charles Noble, Dean of the Chapel at Syracuse University, was the main speaker.

## Ellenville Man Held

After Auto Mishap

Joseph Fleury, 58, of Oak Ridge road, Ellenville, was arrested on a charge of driving while intoxicated after his pickup truck and an automobile sideswiped on Route 52, two miles west of Pine Bush about 10:25 p. m. Friday, state police reported.

Arraigned before Justice of Peace Arthur Voshage of the town of Shawangunk, Fleury entered a plea of innocent and was released on \$25 bail for hearing April 30.

Troopers said Fleury's truck and an automobile driven by Joseph DeCaro of Pine Bush Lake Estates sideswiped from opposite directions. No personal injuries were reported.

## Will Vote on Proposal

New York, April 23 (AP)—Some 4,000 delegates to the 20th triennial convention of the Young Women's Christian Assn. vote today on a proposal to check the YWCA's inter-racial practices against its inter-racial practices. The recommendation was submitted yesterday by Mrs. E. Harris Harbison, of Princeton, N. J., chairman of the leadership services committee of the organization.

## Child Steps Into Car,

Driver Tells Police

Four-year-old Carol Melnik of 34 Hanratty street was treated for injuries to the face about 7 p. m. yesterday after she stepped into the side of a car in front of 65 Third Avenue, according to a local police report.

Police said Thomas J. Martino, 32, of 158 Wrentham street reported to headquarters that the child stepped into the side of his car as he was driving south on Third Avenue. He said she came from the rear of a truck owned by Ambrose Bros. of 364 Broadway.

## Confidential Car

Requirement Ends

After Jan. 1, 1956

Car owners will not be required to supply confidential information for license plates after January 1, 1956, it was announced today by the Ulster County Motor Vehicle Bureau.

The elimination of this requirement after January 1, 1956, is the result of an amendment to the law identified as Chapter 374 of the Laws of 1955, which has just been signed by Gov. Averell Harriman.

The insurance form, MV-292, must be presented at the local office, however, for all motor vehicle registrations and re-registrations during 1955.

## May Stay in U. S.

Hartford, Conn., April 23 (AP)—A 13-year-old New Haven boy who was less than a year old when he was brought here from Canada by his parents has won the right to remain in the United States. The government yesterday dropped deportation action which would have sent Peter Ong back to Canada. The boy's mother, Mrs. Linda T. Ong is a Far Eastern language instructor at Yale. She qualified for permanent U. S. residence in this country as a Chinese refugee.

## Annuity Pays Off

Stony Brook, April 23 (AP)—Pessimists consider the case of Miss Julia Henrietta Sherry, who took out an "old age" annuity in 1934 when she was 79. Tomorrow Miss Sherry will be 100 years old. Yesterday she collected her semi-annual annuity check of \$234.99, which brings to \$9,634.59 she has realized on her \$3,000 investment 21 years ago. She has outlived the life expectancy table, on which her policy was calculated, by 13 years.

## Planes Hit Craft

Taipei, Formosa, April 23 (AP)—Air Force headquarters reported Chinese Nationalist planes strafed and damaged five Communist landing craft and a small gunboat off Amoy today.

## Appointed Leader

goal of \$99,521,275, and also will be used to support recognized Jewish philanthropic agencies and local needs.

In accepting the chairmanship of the local drive, Mr. Rafalow-sky called for "an extra effort this year to help Israel's people continue the building of their democratic freedoms and to provide life-giving and life-renewing services for close to 500,000 men, women and children while there is still time."

**MR. RAFALOWSKY** has been chairman of numerous drives and funds in the past, including the Cancer Crusade for two years and the drive of the Franklin AME Zion Church. He has long been active in the affairs of the Central Business Men's Association, which he was instrumental in organizing, and he still serves on the executive board of that association. He also served as chairman of the drive to boost Central Broadway. He was president of Congregation Ahavath Israel for over 20 years and introduced the annual Thanksgiving Eve Ball to the social life of the community. He has served as chairman of this ever since its origin, about 18 years ago.

**MR. RAFALOWSKY** cited four main campaign objectives for which he said "the greatest possible amount must be raised without delay." He listed them as:

The earliest possible movement to Israel of at least 30,000 of the more than 80,000 Jews in tension-ridden North Africa who have applied for such help and their prompt settlement on farms under a special ship-to-settlement plan.

Helping the democratic-minded people of Israel to strengthen their economy and to maintain their country as a haven for the homeless and oppressed.

Maintaining a great network of urgent welfare and rehabilitation services in Israel, Europe, Moslem lands and the United States.

Assisting the numerous social, religious and educational organizations and institutions deserving of the support of the public.

Pointing to the tense situation in the vast arc of Moslem lands stretching from Morocco to Iran, Mr. Rafalowsky warned that "we cannot prophesy what lies ahead for Jewish men, women and children in these areas, especially in North Africa. Tens of thousands have asked to be moved to Israel this year. Remember, too, that the people of Israel are in a race against time to build their economic independence. That is why we must force ahead with the U. J. program while there is still time."

**NOTING THAT 1955** marks the culminating year of a decade of U. J. postwar activities, Mr. Rafalowsky called for "a great outpouring of giving to mark this as the finest campaign of the 10 years since the end of World War 2." He added that, "U. J. supporters have written a magnificent record of rescue, resettlement and reconstruction during the postwar period. By closing this decade with our greatest effort, we can give great impetus to a humanitarian work that has been done well but is not yet finished."

Since the founding of the United Jewish Appeal in 1939, Mr. Rafalowsky said, "It has helped to save and aid more than 2,500,000 distressed and homeless—men, women and children." U. J. funds, he explained, support the life-saving and freedom-building programs of three constituent agencies, the United Israel Appeal, Joint Distribution Committee, and New York Association for New Americans.

had no idea why his brother had been murdered.

"Frias" father, Manuel, a Providence, R. I. machine operator with whom the welterweight fighter made his home, said his son left for New York last Tuesday night. The elder Frias said his son "told me Monday night he had \$60."

**FRIAS, BOXING** as a professional since 1953, had a total of 12 fights and lost the last 8. Last Saturday he was knocked out in a bout at Boston. He received \$75 for the preliminary battle, and his manager, Frank Camuso, got \$25.

In Boston last night, Massachusetts Boxing Commissioner Henry Lamar said the commission has suspended Frias Thursday for fighting in the Saturday night bout after his license had expired. Camuso, of Fall River, also was suspended.

Police said the 155-pound boxer, an ex-marine and unmarried, had an arrest record for drunkenness, assault and battery, and speeding.

His body was found yesterday by highway workers in a wooded section along Route 210 about four miles south of Monroe. The site is about three miles west of Bear Mountain-Harriman State Park and not far from fashionable Tuxedo Park.

## Avery Retains

attorney for Wolfson, estimated they had 2,125,000 shares.

This adds up to more than the 6,703,932 shares of Ward's stock outstanding. Each side could have the number of shares it claims, the discrepancy resulting from the fact some stockholders sent in proxies to each side.

This will be ironed out in the tabulation of votes over the next three weeks.

**THE BALLOTING** yesterday climaxed an eight-month campaign for Wolfson, a 43-year-old Florida industrialist who has risen rapidly in business circles since the end of World War 2. He attacked Avery's conservative policies and said he would expand Ward's activities.

Avery, 81, countered with the statement Wolfson was leading a "raiding party" to grab Ward's "large liquid assets." He attacked Wolfson's record with other companies he heads, such as Merritt-Chapman & Scott, a construction firm, and Capitol Transit of Washington, D. C.

## CITY BUS SERVICE

Beginning May 1 Rome, New York will be without public bus service. The reason for the bus company giving up its franchise is that there are not enough riders.

Those people who utilize the city busses find them an essential need of transportation. The importance of public transit in the economic life of a community is never fully appreciated until the service is discontinued.

## NATIONAL GUARD TEST

The speed and efficiency with which the 156th Armored Field Artillery Battalion functioned in the test alert Wednesday evening demonstrated that the guard has achieved a high degree of training efficiency.

Units in Kingston and Poughkeepsie assembled 88 per cent of their 500 men during the trial. Lieut. Col. Hargins, commander of the 156th, said he was greatly pleased considering the distances the men have to travel. Guardsmen hurried in from various sectors of Ulster County to the state armory on Manor avenue.

The alert showed that the National Guard is a large, vigorous organization that has successfully met all of the training requirements set by the Departments of the Army and Air Force.

## WAR AND THE PRESIDENCY

One outcome of most wars is the lifting into prominence of many who otherwise might have lived and died relatively obscure. When the War Between the States began, Grant was an unknown former army officer whose civilian career had been unimpressive. The war made him not only commander-in-chief but president.

The most recent instance is that of President Eisenhower. In 1941, when we entered World War II, he was a captain and so little conspicuous that a group picture in which he figured spelled his name not only wrongly but unrecognizably.

Almost all our wars have had generals who became presidents. World War I was an exception. President Truman's captaincy in the artillery is the only instance so far of a World War I veteran attaining the presidency.

Leaders are revealed in times of duress. Fortunately, enough commanding figures always exist so that a nation does not have to go to war in order to discover potential possibilities.

Many housewives would like to remove the drudgery from the kitchen. But then father and the kids would miss hanging around this happy room.

## EDEN SEEKS A MANDATE

Prime Minister Sir Anthony Eden has called for a general election to be held on May 26.

From a political standpoint the signs are auspicious for the Conservatives. There is a serious rift, as yet unhealed, in the ranks of the Labor Party as a result of Aneurin Bevan's challenge of the authority of Clement Attlee. Living conditions have been steadily improving in Britain and people have a tendency to credit the party in power for economic gains just as they tend to put the blame on the ins when times are bad.

Politics is not the sole consideration of the Prime Minister in calling for an election at this time. He wants a clear mandate from the British people to act in their name in the important international events which are taking shape. As it stands now he is more or less the inheritor of the power he holds. It is right and natural that he should seek to have his status confirmed by vote.

## 'These Days'

By GEORGE SOKOLSKY

KAHN AND GOLDSMITH

Arthur J. Goldsmith's name appears on many committees. He seems to be a supporter of all sorts of causes and purposes and is a friend, according to reports, of President Eisenhower and a contributor to campaign funds.

Goldsmith is often referred to in anti-Communist circles as "The Man in the Waldorf Towers," because it is from that cantage point that he conducts his numerous public operations.

So, we come to the testimony of Albert Kahn, publisher of Harvey Matusow's book on how he, Matusow, generally lied about many matters and persons, Albert Kahn is testifying before the Internal Security Committee and is making it known, on interrogation, that he once published and edited a magazine called "The Hour," which he said "was financed with funds I raised and also with funds which I got from editors, columnists, radio news commentators, and newspapers, who were serviced by this publication, and also Government agencies, who bought it."

Senator Welker then asked Kahn if he had known Arthur Goldsmith and Kahn said that he had known him. Concerning Goldsmith, Kahn said:

"I can't recall whether or not Mr. Goldsmith made any financial contributions, but I believe if he didn't make any himself, he helped me secure some."

Kahn's position is that "The Hour" was anti-Nazi and anti-Fascist. Others who read the publication felt that it was pro-Communist. What Goldsmith thought it was, I do not know. There is no question as to what Albert Kahn's position is today and what the firm of Cameron and Kahn, Inc., stood for when it published a comparatively long list of pro-Communist and pro-Russian books. Matusow's book was admittedly financed by Communist-dominated unions, which had been expelled from the C.I.O. for being such, the Fifth Amendment lawyer, Nathan Witt, testified. The Nazis have been defeated in Germany, the Fascists in Italy, but Albert Kahn goes on in his apparent effort to change the world according to his concepts.

So it is interesting to note that Kahn says he and Goldsmith were up to:

"Fifteen years ago, it is difficult to remember what I have discussed with him. I have known many people. I am sure that I discussed with him the operations of Axis and Nazi agents in the United States, and sought to secure his financial assistance, in my work of combating espionage, sabotage, and propaganda activities of these agents here."

Today when we speak of undercover operations of private individuals and the Fund for the Republic sends out crews to discover what is being done about Communist infiltration in the movies or in the churches, it is to be noted that the same sort of operation was being practiced years ago against those whom Messrs. Goldsmith and Kahn privately declared to be Nazis and Fascists. Today, at any rate, there is plenty of official material to go by, including the Attorney General's lists, but in those days anyone whom these gentlemen denounced as pro-Nazi or pro-Fascist had a very tough time of it. If calling a man a Communist is libel per se because of the embarrassment it causes him, that was equally true of those who were and are being called Fascist for no other reason than that they are anti-Communist.

Among such was the priest, Father Coughlin, who had an enormous radio following and was silenced because of the political difficulties he encountered after having been accused of being a Fascist—an accusation which Albert Kahn made as recently as 1955, when he appeared before the Internal Security Committee of the Senate.

Kahn's testimony concerning his own importance is a footnote to the excitement of the times:

"Now, I do believe, and don't say this with any sense of vanity, I believe Mr. Goldsmith respected me and the work that I was doing and was interested in fighting Axis activities here, as all of us were then, and at that time I had a fairly wide reputation for this work, that is, fairly widely publicized, and he was interested in helping the work, as a number of other people were, a large number of people, organizations, individuals, and Government agencies, which also helped me in my work, including the Department of Justice."

It begins to look as though the security work of this nation had better be left to government agencies.

## That Body of Yours

By JAMES W. BARTON, M.D.  
HELPING THE ASTHMATIC

Yesterday we wrote about the various causes of asthma, the most common of which is thought to be the allergy or sensitivity to pollens, molds and other substances in the air, and to foods and drugs. To find the particular allergen or substance to which the person is allergic, the physician will likely make skin tests.

These tests are made either by making light scratches on the skin of the arm or the back and dropping on the scratch a powdered or liquid extract of the allergen; or a small amount of the liquid may be injected between the layers of the skin on the arm or back. These tests give little pain and no scarring, and all traces disappear in a few days. If the allergen is one to which you are sensitive, reactions will occur in a few minutes in the form of a small hive resembling a mosquito bite.

When the particular cause of your asthma is discovered, your doctor has two methods of treatment. The first, naturally, is to eliminate the offending allergen. For example, if you are sensitive to animal dandruff or dust from bird feathers, you may have to give away your dog, cat, or bird. It is not enough to keep them in another part of the house or outdoors. Sensitivity to dust may be helped by covering pillows and mattresses with rubber or plastic. In the case of children, toys made of material producing dust such as wool, kapak, rabbit or horse hair should be avoided.

If the allergen comes from cosmetics, your doctor can provide information about preparations now on the market that are less likely to cause symptoms.

If the allergen is found to be a food, such as eggs, milk, flour, chocolate, fruits, vegetables, or others, such foods must be excluded from the diet. Your doctor will help you work out a suitable diet to make up for those foods you must avoid. In the case of infants, foods are more often a cause than in adults, and milk is a common offender. Boiled fluid milk and evaporated milk are less likely to cause trouble than raw milk.

Pollen, mold spores and dusts are so fine. Your physician may try a process of immunizing or desensitizing you to the substances. This means he will build up your resistance to the allergen by giving you injections of it in small but gradually increasing amounts and this procedure is generally so helpful that even after a short space of time the patient can face exposure to the offending substance without getting an attack of asthma.

Asthmatics, then, should not despair. There are many means of help now available for them.

## Edson's Washington News Notebook

By PETER EDSON

NEA Washington Correspondent

Washington (NEA)—Biggest bust in the United States today is not the atomic weapons tests now being conducted in Nevada, but the civil defense effort to protect the American people from injury in case real bombs should be dropped by an enemy.

There is little-to-no public appreciation of the dangers of radio-active fallout from bomb explosions. And there is little or no program to educate the public on this problem.

This is not all the fault of the Federal Civil Defense Administration. With 700 employees and a budget of 55 million dollars, FCDA has prepared leaflets and handbooks on civil defense. It has conducted tests and issued manuals on bomb shelters, first aid and similar subjects.

A new booklet on fallout is now in preparation. It has stockpiled some medical supplies. These are necessary preliminaries. The 12 million dollars supplemental appropriation just requested by President Eisenhower is intended to give FCDA planning money for a workable action program. Nobody has come up with one yet.

ONE TROUBLE IS THAT the Federal Civil Defense Administration has had no authority to do anything specific, or to make anyone else do it. It is purely an advisory outfit. Civil defense planning has been largely decentralized to local governments on a strictly states' rights basis.

In many cases, local civil defense heads have been political patronage appointments. Volunteer workers have been well-intentioned and loyal, but not enough of them have been recruited and trained.

Advertising Council had a campaign to get more civil defense volunteers during the Korean crisis, but this program has been inoperative over the past year. The Ad Council is now preparing a series of pattern ads, suitable for adapting to local conditions, to tell people how to evacuate a bombed or threatened area, what to do and where to go.

There has been a little publicity on the "Conelrad" program, but most people don't know what it is. This is the plan which, in case of an attack, would silence broadcasting stations so that enemy planes could not ride their beams to a target. TV stations would shut down completely. Radio stations would alternate on 640 and 1240 frequencies, telling people what to do.

BUT IT COSTS FROM \$15,000 to \$25,000 for radio stations to convert to these frequencies. Few of them have done it and there have been practically no "Conelrad" tests or drills.

As a further example of how balked up civil defense planning now is, the familiar highway warning signs are cited. These signs say in effect that in case of

enemy attack, this road will be closed to all but military traffic. It is now realized that in case of attack, every arterial highway would also be needed to evacuate civilian population. So the planning has to be done all over again.

Privately, ex-Gov. Val Peterson of Nebraska, the Federal Civil Defense Administrator, explodes over all the frustrations of his thankless job. Publicly, he has to take it easy because government policy is to not frighten the people unduly.

ATOMIC ENERGY COMMISSION officials feel that they have given the public full information on H-bomb dangers. AEC Chairman Lewis Strauss came back from the Eniwetok bomb test a year ago and told its size and damage. Last November he volunteered full information on injuries to the Japanese fishermen caught in the Eniwetok fall-out.

But it took nearly a year to issue the report on fall-out. The release on this subject by AEC on Feb. 15 took nearly four months to write. It went through 27 drafts.

The AEC story on this is that Civil Defense Administration officials helped in its preparation. The FCDA story is that in all this time, Governor Peterson was the only one of its officials who had top-secret Q-security clearance that gave him access to this material, and that he couldn't even talk to his subordinates about it.

KINGSTON, NEW YORK, APRIL 23, 1955

DAYLIGHT SAVING

Daylight saving time will go into effect at two o'clock Sunday morning, April 24. Clocks should be set ahead one hour upon retiring Saturday night.

The state legislature has extended daylight time from the last Sunday in September to the last Sunday in October.

CITY BUS SERVICE

Beginning May 1 Rome, New York will be without public bus service. The reason for the bus company giving up its franchise is that there are not enough riders.

Those people who utilize the city busses find them an essential need of transportation. The importance of public transit in the economic life of a community is never fully appreciated until the service is discontinued.

NATIONAL GUARD TEST

The speed and efficiency with which the 156th Armored Field Artillery Battalion functioned in the test alert Wednesday evening demonstrated that the guard has achieved a high degree of training efficiency.

Units in Kingston and Poughkeepsie assembled 88 per cent of their 500 men during the trial. Lieut. Col. Harkins, commander of the 156th, said he was greatly pleased considering the distances the men have to travel. Guardsmen hurried in from various sectors of Ulster County to the state armory on Manor avenue.

The alert showed that the National Guard is a large, vigorous organization that has successfully met all of the training requirements set by the Departments of the Army and Air Force.

WAR AND THE PRESIDENCY

One outcome of most wars is the lifting into prominence of many who otherwise might have lived and died relatively obscure. When the War Between the States began, Grant was an unknown former army officer whose civilian career had been unimpressive. The war made him not only commander-in-chief but president.

The most recent instance is that of President Eisenhower. In 1941, when we entered World War II, he was a captain and so little conspicuous that a group picture in which he figured spelled his name not only wrongly but unrecognizably.

Almost all our wars have had generals who became presidents. World War I was an exception. President Truman's captaincy in the artillery is the only instance so far of a World War I veteran attaining the presidency.

Leaders are revealed in times of duress. Fortunately, enough commanding figures always exist so that a nation does not have to go to war in order to discover presidential possibilities.

Many housewives would like to remove the drudgery from the kitchen. But then father and the kids would miss hanging around this happy room.

EDEN SEEKS A MANDATE

Prime Minister Sir Anthony Eden has called for a general election to be held on May 26.

From a political standpoint the signs are auspicious for the Conservatives. There is a serious rift, as yet unhealed, in the ranks of the Labor Party as a result of Aneurin Bevan's challenge of the authority of Clement Attlee. Living conditions have been steadily improving in Britain and people have a tendency to credit the party in power for economic gains just as they tend to put the blame on the ins when times are bad.

Politics is not the sole consideration of the Prime Minister in calling for an election at this time. He wants a clear mandate from the British people to act in their name in the important international events which are taking shape. As it stands now he is more or less the inheritor of the power he holds. It is right and natural that he should seek to have his status confirmed by vote.

'These Days'

By GEORGE KOSOLSKY  
KAHN AND GOLDSMITH

Arthur J. Goldsmith's name appears on many committees. He seems to be a supporter of all sorts of causes and purposes and is a friend, according to reports, of President Eisenhower and a contributor to campaign funds.

Goldsmith is often referred to in anti-Communist circles as "The Man in the Waldorf Towers," because it is from that cantage point that he conducts his numerous public operations.

So, we come to the testimony of Albert Kahn, publisher of Harvey Matusow's book on how he, Matusow, generally lied about many matters and persons. Albert Kahn is testifying before the Internal Security Committee and is making it known, on interrogation, that he once published and edited a magazine called "The Hour," which he said "was financed with funds I raised and also with funds which I got from editors, columnists, radio news commentators, and newspapers, who were serviced by this publication, and also Government agencies, who bought it."

Senator Welker then asked Kahn if he had known Arthur Goldsmith and Kahn said that he had known him. Concerning Goldsmith, Kahn said:

"I can't recall whether or not Mr. Goldsmith made any financial contributions, but I believe if he didn't make any himself, he helped me secure some."

Kahn's position is that "The Hour" was anti-Nazi and anti-Fascist. Others who read the publication felt that it was pro-Communist. What Goldsmith thought it was, I do not know. There is no question as to what Albert Kahn's position is today and what the firm of Cameron and Kahn, Inc., stood for when it published a comparatively long list of pro-Communist and pro-Russian books. Matusow's book was admittedly financed by Communist-dominated unions, which had been expelled from the C.I.O. for being such, the Fifth Amendment lawyer, Nathan Witt, testified. The Nazis have been defeated in Germany, the Fascists in Italy, but Albert Kahn goes on in his apparent effort to change the world according to his concepts.

So it is interesting to note that Kahn says he and Goldsmith were up to:

"... Fifteen years ago, it is difficult to remember what I have discussed with him. I have known many people. I am sure that I discussed with him the operations of Axis and Nazi agents in the United States, and sought to secure his help, his financial assistance, in my work of combating espionage, sabotage, and propaganda activities of these agents here."

Today when we speak of undercover operations of private individuals and the Fund for the Republic sends out crews to discover what is being done about Communist infiltration in the movies or in the churches, it is to be noted that the same sort of operation was being practiced years ago against those whom Messrs. Goldsmith and Kahn privately declared to be Nazis and Fascists. Today, at any rate, there is plenty of official material to go by, including the Attorney General's lists, but in those days anyone whom these gentlemen denounced as pro-Nazi or pro-Fascist had a very tough time of it. If calling a man a Communist is libel per se because of the embarrassment it causes him, that was equally true of those who were and are being called Fascist for no other reason than that they are anti-Communist.

Among such was the priest, Father Coughlin, who had an enormous radio following and was silenced because of the political difficulties he encountered after having been accused of being a Fascist—an accusation which Albert Kahn made as recently as 1955, when he appeared before the Internal Security Committee of the Senate.

Kahn's testimony concerning his own importance is a footnote to the excitement of the times:

"Now, I do believe, and don't say this with any sense of vanity, I believe Mr. Goldsmith respected me and the work that I was doing and was interested in fighting Axis activities here, as all of us were then, and at that time I had a fairly wide reputation for this work, that is, fairly widely publicized, and he was interested in helping the work, as a number of other people were, a large number of people, organizations, individuals, and Government agencies, which also helped me in my work, including the Department of Justice."

It begins to look as though the security work of this nation had better be left to government agencies.

That Body of Yours

By JAMES W. BARTON, M.D.  
HELPING THE ASTHMATIC

Yesterday we wrote about the various causes of asthma, the most common of which is thought to be the allergy or sensitiveness to pollens, molds and other substances in the air, and to foods and drugs. To find the particular allergen or substance to which the person is allergic, the physician will likely make skin tests.

These tests are made either by making light scratches on the skin of the arm or the back and dropping on the scratch a powdered or liquid extract of the allergen; or a small amount of the liquid may be injected between the layers of the skin on the arm or back. These tests give little pain, are not scarring, and all traces disappear in a few days. If the allergen is one to which you are sensitive, reactions will occur in a few minutes in the form of a small wheal resembling a mosquito bite.

When the particular cause of your asthma is discovered, your doctor has two methods of treatment. The first, naturally, is to eliminate the offending allergens. For example, if you are sensitive to animal dandruff or dust from bird feathers, you may have to give away your dog, cat or bird. It is not enough to keep them in another part of the house or outdoors. Sensitivity to dust may be helped by covering pillows and mattresses with rubber or plastic. In the case of children, toys made of material producing dust such as wool, kopak, rabbit or horse hair should be avoided. If the allergen comes from cosmetics, your doctor can provide information about preparations now on the market that are less likely to cause symptoms.

If the allergen is found to be a food, such as eggs, milk, flour, chocolate, fruits, vegetables, or others, such foods must be excluded from the diet. Your doctor will help you work out a suitable diet to make up for those foods you must avoid. In the case of infants, foods are more often a cause than in adults, and milk is a common offender. Boiled fluid milk and evaporated milk are less likely to cause trouble than raw milk.

Pollen, mold spores and dusts are difficult to avoid inhaling because they are so fine. Your physician may try a process of immunizing or desensitizing you to the substances. This means he will build up your resistance to the allergen by giving you injections of it in small but gradually increasing amounts and this procedure is generally so helpful that even after a short space of time the patient can face exposure to the offending substance without getting an attack of asthma.

Asthmatics, then, should not despair. There are many means of help now available for them. Acknowledgments to "Handbook for the Asthmatic" published by the American Foundation for Allergic Diseases, New York City.

Edson's Washington News Notebook

By PETER EDSON

NEA Washington Correspondent

Washington (NEA)—Biggest bust in the United States today is not the atomic weapons tests now being conducted in Nevada, but the civil defense effort to protect the American people from injury in case real bombs should be dropped by an enemy.

There is little-to-no public appreciation of the dangers of radioactive fall-out from bomb explosions. And there is little or no program to educate the public on this problem.

This is not all the fault of the Federal Civil Defense Administration. With 700 employees and a budget of 55 million dollars, FCDA has prepared leaflets and handbooks on civil defense. It has conducted tests and issued manuals on bomb shelters, first aid and similar subjects. A new booklet on fall-out is now in preparation. It has stockpiled some medical supplies. These are necessary preliminaries. The 12 million dollars supplemental appropriation just requested by President Eisenhower is intended to give FCDA planning money for a workable action program. Nobody has come up with one yet.

ONE TROUBLE IS THAT the Federal Civil Defense Administration has had no authority to do anything specific, or to make anyone else do it. It is purely an advisory outfit. Civil defense planning has been largely decentralized to local governments on a strictly state's rights basis. In many cases, local civil defense heads have been political patronage appointments. Volunteer workers have been well-intentioned and loyal, but not enough of them have been recruited and trained.

Advertising Council had a campaign to get more civil defense volunteers during the Korean crisis, but this program has been inoperative over the past year. The Ad Council is now preparing a series of pattern ads, suitable for adapting to local conditions, to tell people how to evacuate a bombed or threatened area, what to do and where to go.

There has been a little publicity on the "Conelrad" program, but most people don't know what it is. This is the plan which, in case of an attack, would silence broadcasting stations so that enemy planes could not ride their beams to a target. TV stations would shut down completely. Radio stations would alternate on 640 and 1240 frequencies, telling people what to do.

BUT IT COSTS FROM \$15,000 to \$25,000 for radio stations to convert to these frequencies. Few of them have done it and there have been practically no "Conelrad" tests or drills.

As a further example of how balked up civil defense planning now is, the familiar highway warning signs are cited. These signs say in effect that in case of

enemy attack, this road will be closed to all but military traffic. It is now realized that in case of attack, every arterial highway would also be needed to evacuate civilian population. So the planning has to be done all over again.

Privately, ex-Gov. Val Peterson of Nebraska, the Federal Civil Defense Administrator, explodes over all the frustrations of his thankless job. Publicly, he has to take it easy because government policy is to not frighten the people unduly.

ATOMIC ENERGY COMMISSION officials feel that they have given the public full information on H-bomb dangers. AEC Chairman Lewis Strauss came back from the Eniwetok big bomb test a year ago and told its size and damage. Last November he volunteered full information on injuries to the Japanese fishermen caught in the Eniwetok fall-out.

But it took nearly a year to issue the report on fall-out. The release on this subject by AEC on Feb. 15 took nearly four months to write. It went through 27 drafts.

The AEC story on this is that Civil Defense Administration officials helped in its preparation. The FCDA story is that in all this time, Governor Peterson was the only one of its officials who had top-secret Q-security clearance that gave him access to this material, and that he couldn't even talk to his subordinates about it.

Low Bid Submitted

Charleston, S. C., April 22 (AP)—The Dyson Co. of Pensacola, Fla., today submitted a low bid of \$271,500 for construction of 25 three-bedroom living quarters for married enlisted men at the Pensacola Naval Hospital.

The Sixth Naval District said the contract will be awarded only after the bids have been canvassed. The Cocoon Co. of New Rochelle, N. Y., had the second low bid, \$272,000.

Sure Sign of Spring

Wilmington, April 23 (AP)—The road up Whiteface Mountain was opened to traffic today—a sure sign that crocuses that spring is here to stay. Snowplows pushed through 10-foot drifts to reach the 4,872-foot peak Thursday. Parking and turn-off areas were cleared yesterday. Whiteface is the tallest Adirondack peak accessible by automobile.

Rochester Mother Named

New York, April 22 (AP)—Mrs. Fred Powers, 31-year-old mother, has been chosen "Mrs. New York State" to compete against other state winners in a Mrs. America contest. Mrs. Powers, wife of an executive in the export sales department of the Eastman Kodak Co., won over three other finalists last night at Brooklyn's Paramount Theatre. The winner, who has a 7-year-old son, resides in Rochester.

Plunges to Death

New York, April 23 (AP)—A woman plunged to her death yesterday from a 25th floor window of the Hotel Lexington. The body landed on a 3rd floor setback. Police tentatively identified her as Mrs. Martha T. Caldwell, 48, of Brooklyn. They said notes were found in her room and that one read: "Forgive me. This is the easiest way out."

**Personal Notes**  
Mr. and Mrs. James Gallagher of Tillson left today for Miami, Fla., where they will vacation for a few weeks.

**Practical Nurses To Convene in May**  
Practical nurse delegates from Ulster county, attending the 15th Annual Convention of the Practical Nurses of New York, Inc., in Syracuse, May 2 through May 6, will be asked to endorse a recommendation of the State Executive Board that the organization seek legislation in the 1955-56 legislative session to create a State Board of Licensed Practical Nurse Examiners, Miss Margaret L. Bowen, president of Ulster County Division reported here yesterday.

At present both Practical and Registered Professional Nurses are under the jurisdiction of the State Board of Examiners of Nurses, with no voting representation for 4,500 licensed practical nurses in New York.

The Executive Board of the Practical Nurses of New York, Inc., at its meeting in New York city March 6, recommended introduction of legislation for the independent board but final action on the recommendation will be postponed until the vote of the organization's House of Delegates, at the convention next month.

Nurses from this area who will attend the convention as delegates, Miss Margaret L. Bowen, and Mrs. Beatrice E. Boyce both of Kingston, Miss Mary Geary of Kingston and Mrs. Mabel Dohrman of Highland will serve as alternates, Miss Bowen said.

**GOP Women Plan Court House Tour, Talks by Officials**  
A conducted tour of the County Jail and Court House will be given by Sheriff Cluett Schantz to members and friends of Ulster County Women's Republican Club Tuesday evening.

Members will meet at the Court House, Wall street, at 8 p. m. to hear the sheriff's duties explained by Sheriff Schantz and those of the district attorney's office by Assistant District Attorney John Schick.

All interested women in the community are invited. Refreshments will be served following the tour in the Court House.

**Angelina Perry Is Engaged to Wed**  
Mr. and Mrs. Roscoe Perry of 2 Ponckhockie street announce the engagement of their daughter, Angelina Louise, to Fred Harder, Jr., son of Mr. and Mrs. Fred Harder of 34 Jarrold street.

The wedding will be Sunday, May 15, at St. Mary's Church. A bridal shower honored the prospective bride at the Alpine Thursday, April 14. Hostesses were Mrs. Mary Sottile, Mrs. Melvin Scheffel, Miss Louise Perry, and Miss Peggy Van Loan. There were 150 guests present.

**4-H Club Girls Display Fashions In Sewing Project**  
The Hurley Busy Bees presented their annual 4-H dress review in Hurley Reformed Church Wednesday evening on the stage decorated for spring with forsythia blossoms. The show was for the benefit of the Community Service Club and their friends.

Miss Enid Goetchius and Miss Joan Kolodziecki were commentators. Group singing was led by Mrs. R. Ten Eyck. Miss Nancy Hutton played two selections on the accordion.

Displaying the fashions in aprons, skirts, blouses, jumpers and suits and beach robes were the Misses Sandy Dunphy, Kathy Browne, Marlene Fries, Joanne Hopper, Carlotta Carliotti, Judy Krom, Joan Kolodziecki, Carolyn Myer, Enid Goetchius, Shirley Burger, Adele Lehtonen, Melinda Rowe and Priscilla Ryland.

The girls completed the sewing projects under the direction of Mrs. Vernon Goetchius assisted by Miss Goetchius. Helping with the review were Mrs. W. Hutton and Mrs. W. Ortmann.

**Boy Scout News**  
CUB PACK 9, sponsored by the Evangelical Lutheran Church of the Redeemer, enjoyed a father-son outing Sunday afternoon in conjunction with the April theme on Forestry. Approximately 40 Cubs and dads journeyed to Ulster Park, where they took a woodland ramble up the Poppleton road as far as Lake Louisa. There Cubmaster Bob Elliott, an experienced forester from the Syracuse Ranger School, guided the group in tree identification and discussion on the uses of certain types of wood.

The Scouts also received first-hand information regarding fire building and prevention of forest fires when the time came to cook their supper on the banks of the lake. They returned home in the early evening better acquainted with the products of the forests and eager for more father-son outings.

The next Pack 9 meeting for the whole family will be held April 25, 7:15 p. m. at the church assembly room on Wurts and Rogers streets. A technical film of today's modern forest products industry entitled "The New Paul Bunyan" will be shown in cooperation with the Weyerhaeuser Lumber Co.

## Cast Announced For Blithe Spirit

Patricia Shaw and Joan White will be playing the roles of the ghosts of the first and second wives of Charles Condomine in the Coach House Players presentation of Noel Coward's gay comedy, "Blithe Spirit" which is being sponsored by the Kingston Rotary Club. The performance will be given at the George Washington School May 11 and 12. Curtain will be promptly at 8:30 p. m.

In addition to Patricia Shaw and Joan White in the roles of the two wives the Coach House production will feature Paul Whitten in the part of the phantom-beset Condomine and Louise Brokenshaw as the madcap medium, Mme. Arcati. Other roles have been assigned to Terry Roberts, Alton Whitmore and Rose Mellett. "Blithe Spirit" will be directed by Houston Richards.

To Convene in May  
Practical nurse delegates from  
Ulster county, attending the  
15th Annual Convention of the  
Practical Nurses of New York,  
Inc., in Syracuse, May 2 through  
May 6, will be asked to endorse  
a recommendation of the State  
Executive Board that the organi-  
zation seek legislation in the  
1955-56 legislative session to  
create a State Board of Lic-  
ensed Practical Nurse Exam-  
iners, Miss Margaret L. Bowen  
president of Ulster County Division  
reported here yesterday.

At present both Practical and  
Registered Professional Nurses  
are under the jurisdiction of the  
State Board of Examiners of  
Nurses, with no voting representa-  
tion for 4,500 licensed practical  
nurses in New York.

The Executive Board of the  
Practical Nurses of New York,  
Inc., at its meeting in New York  
city March 6, recommended in-  
troduction of legislation for the  
independent board but final ac-  
tion on the recommendation will  
be postponed until the vote of  
the organization's House of  
Delegates, at the convention  
next month.

Nurses from this area who will  
attend the convention as dele-  
gates, Miss Margaret L. Bowen,

## 4-H Club Girls Display Fashions In Sewing Project

The Hurley Busy Bees presented their annual 4-H dress review in Hurley Reformed Church Wednesday evening on the stage decorated for spring with forsythia blossoms. The show was for the benefit of the Community Service Club and their friends.

Miss Enid Goetchius and Miss Joan Kolodziecki were commentators. Group singing was led by Mrs. R. Ten Eyck. Miss Nancy Hutton played two selections on the accordion.

Displaying the fashions in aprons, skirts, blouses, jumpers and suits and beach robes were the Misses Sandy Dunphy, Kathy Browne, Marlene Fries, Joann Hopper, Carlotta Carlotti, Judy Krom, Joan Kolodziecki, Shirley Myer, Enid Goetchius, Shirley Burger, Adele Lehtonen, Melinda Rowe and Priscilla Ryland.

The girls completed the sewing projects under the direction of Mrs. Vernon Goetchius assisted by Miss Goetchius. Helping with the review were Mrs. W. Hutton and Mrs. W. Ortmann.

CUB PACK 9, sponsored by the Evangelical Lutheran Church of the Redeemer, enjoyed a father-son outing Sunday afternoon in conjunction with the April theme on Forestry. Approximately 40 Cubs and dads journeyed to Ulster Park, where they took a woodland ramble up the Poppletown road as far as Lake Louisa.

There Cubmaster Bob Elliott, an experienced forester from the Syracuse Ranger School, guided the group in tree identification and discussion on the uses of certain types of wood.

## Concert Group Names Local Singers Appearing With Robert Shaw Choral

Local interest in the next series for Community Concerts Association is growing rapidly since the announcement two weeks ago of the signing of the Robert Shaw Choral and Orchestra for the 1955-56 season. The reason for the interest... so many Kingstonians have sung with Robert Shaw, leading conductor of choral works in the United States.

Foremost of the local residents is Miss Gretchen Bence, daughter of Mr. and Mrs. Matthew Bence, 259 Lucas avenue, who has been contralto soloist with the Shaw Choral for several seasons. Only last winter she toured with the Choral in a series of west coast concerts. She is now engaged to sing by Ferdinand Leitner, famous opera conductor in Germany and director of the Stuttgart Grand Opera Company. She originally began a year of study in Germany on a Fulbright award at the Hochschule fur Musik in Stuttgart in September 1953 and returned to Germany this January.

**ONE OF THE FIRST** to be chosen to sing in the original Collegiate Choral is Mrs. Harold Shorr, 18 Millers Lane, who sang choral as Doris Eatin, or Doris Barton, was singing with the Fred Waring Glee Club directed by Shaw. Mrs. Shorr, one of the workers for Community Concerts Association membership drives, has been requesting the Shaw Choral and Orchestra for several seasons. "He is wonderful. He certainly is a genius," says Mrs. Shorr as she recalls her work with Shaw. She has recognized the musical ability of Kingstonians especially of Kingston High School's A Cappella Choir under the direction of Leonard Stine. Upon the personal invitation of Robert Shaw, the choir sang with the Crane Music Department Chorus in a performance of the Berlioz Requiem at the annual spring music festival, Potsdam State Teachers College last May. Mr. Stine's choir was selected from all of the choirs in the state for this concert. (Mr. Stine is a vice president of Kingston Community Concerts Association.)

Through cooperation with Helen Hosmer, head of the Crane Music Department, Shaw has been guest conductor at the spring festivals of the college for several years. As part of the program, he auditions young singers for solo parts in the concerts. Among the local students who have sung for Robert Shaw are Miss Mary Dunn, Henry Levy, now a senior at Potsdam; and the former Miss Joan Ten Eyck of Hurley. Miss Ten Eyck is now Mrs. John LaFalce.

Mr. LaFalce of Poughkeepsie is a member of the present Choral and last season did solos in the Fledermaus choruses of the program.

**FRANK MODICA**, son of Mr. and Mrs. Salvatore Modica, of Ontario Trail, music teacher in the Westview school, also sang under Robert Shaw's direction while attending Juilliard School of Music in New York.

"I do not know his equal in the choral field today," writes Virgil Thompson, N. Y. Herald Tribune, and most critics agree that Robert Shaw is the leading conductor of choral works in the United States. Shaw was discovered by Fred Waring at Pomona College, Claremont, Calif., and he was brought to New York to build the famous Waring Glee Club. He directed the choruses for a number of Broadway hits and founded his famous Collegiate Choral. Today he is choral director for RCA Victor Red Seal Records and NBC Symphony broadcasts. He is widely recognized as an educator and editor through his teaching at the Berkshire Music Center, Tanglewood and Juilliard School of Music, New York, and his series of publications for G. Schirmer and Company.

The Choral, in its tenth season of touring from coast to coast, is well known for its many recordings for RCA Victor and its top-flight symphony orchestras. So popular is the choral and orchestra for concert appearances that initial negotiations for the Kingston presentation were made more than a year ago. Artists for the remaining two concerts will be announced as next week's membership drive progresses.

During the past week, workers for the membership campaign, which will be conducted next week only, have been contacting former members of the association. A first report of renewals will be made at the kick-off meeting, Governor Clinton Hotel, Sunday 4:30 p. m.

New members will be signed next week as well as any renewals, but the membership committee emphasizes that all memberships for next season must be subscribed before 3 p. m. Saturday, April 30.

Anyone is eligible to join simply by paying the yearly dues to a worker or at headquarters in the Governor Clinton Hotel next week. Headquarters will be open daily from 10 a. m. to 4:30 p. m. and Saturday, April 30 from 10 a. m. to 3 p. m. Those desiring membership may also contact either Mrs. Bernard Forst, telephone 3209 or Mrs. Reynolds B. Carr, phone 417, co-chairmen of the drive.

**THE MEMBERSHIP** entitles the holder to attend all three concerts in the next series. No admissions are sold to single programs. Artists for the remaining concerts will be announced as the campaign progresses and the financial results of dues collected is made known to the directors of the local association.

Because of the organized audience plan of Community Concerts, the concerts are presented without profit or loss to the local committee. The Kingston association is beginning its 27th season of bringing concerts to the city. Last year's series, one of the most outstanding, featured the Boston Pops orchestra conducted by Arthur Fiedler.

## Do You Remember

By SOPHIE MILLER

Anyone living within sight of the Hudson river will tell you that even now there is always something moving up and down the Hudson, be it a tow of barges or oil-lighter or a motorboat. Looking back 50 years it was said that the decade between 1840 and 1850 was the golden age of steamboating on the Hudson. During that period there was no competition from railroads and with travel between east and the west being large, the Hudson was the logical highway from the coast to all western points. The Erie Canal was open and a great fleet of canal passenger packets plied between Albany and Buffalo so that a traveler might start from New York and go to any point along the Great Lakes entirely by water. On the Hudson there was always to be found a number of opposition lines which meant low fares on all sides. The river boats were crowded at all times. During the price wars, fares between New York and Albany, 145 miles were often reduced to 12 and a half cents, while a traveler could always make the journey by water between the two points for \$1. In 1890 the fare by water averaged \$2 while by rail \$3. It is said, in the summer of 1849, one had the choice of not less than 20 steamboats on which to sail to Albany.

One of the steamboats of those days which many of us knew was the Norwich, which ran between New York and Rondout as a passenger boat in the early 40's. Built in 1836, to ply as a passenger steamboat between New York and Norwich, Conn., the Norwich was put on the Hudson in the early 40's, after having been as far south as Chesapeake Bay. At first, she carried passengers between New York and Rondout, but was finally converted into a towboat in which capacity she was up and down the Hudson for a half a century. Originally owned by William W. Coit, a famous early time steamboat man, but for most of her existence she was the property of the Cornell Towboat Co. Up to 1909 her hull had been rebuilt many times, and contained hardly one of the original sticks put in it, yet she retained her original model, and the identical engine, placed in her by the builders, Cunningham and Hall, Lawrence and Speden, New York's famous old steamboat builders built this sturdy vessel. She was not known for speed but just for her reliability and strength and outlasted all of her contemporaries and most of those who were built for 30 years afterwards.

So the Norwich, doing service nearly a century, was finally dismantled November 1923 at which time she was bought by Michael Tucker of Port Ewen. Another steamer that should find a place in a Marine Museum if this locality had one. In March of 1924 the Cornell Steamboat Company presented to the Trustees of the Senate Assn. the bell from this side-wheeler, the famous old "Ice King" as she was known to many besides being called, the Norwich. For several years the old sidewheeler had been berthed in the winter slip of the Mary Powell, off Port Ewen. During the Hudson Fulton celebration this famous Norwich took part in the naval parade. She was also a famous ice-breaker along the Hudson river.

### 'The Peck' Attractive In Any Setting

Rooms ..... Seven  
Bedrooms ..... Three  
Closets ..... Eleven  
Cubage ..... 4,700'  
House ..... 20,200'  
Garage ..... 4,700'

Dimensions ..... 32'x25'  
Overall ..... 66'  
Introduced today by the Home of the Week Plan Service, "The Peck" has an exterior appearance somewhat reminiscent of an old New England farmhouse—but there's nothing old-fashioned about the interior of this roomy, two-story house.

Measuring 32 by 25 feet, this house has a cubage of 20,200 feet. The cubage of the garage is 4,700 feet. Thus, to build this attractive six-room house you'll need only a 60-foot lot. A house of this type will always be "in style" and will look equally attractive in any setting.

**Second Story**  
Since complete living facilities are provided on the first floor you can finish the second story at your convenience. This feature will give the house an especially strong appeal to the many folks who must follow a limited building budget. Thus, this house plan also has special appeal for the growing family.

Large and comfortable, the living room can do double duty if you desire. However, a regular dining room is provided for in this plan. Since this room is also designated as a den you may wish to have it serve as a sort of "extra" living room as well as a formal dining area.

Opening off the kitchen, the breakfast area actually is a room by itself. Because it is so roomy and pleasant the breakfast nook can be used for many of your family's meals.

The kitchen proper, too, is of generous size. As a matter of fact, it is large enough to accommodate your home laundry equipment in addition to the usual kitchen appliances. Ready access to the yard is provided by the rear door—you'll especially appreciate this feature if you do place your laundry equipment in the kitchen.

**Plenty of Room**  
There's plenty of room, too, in the one bedroom located on the ground floor. And, as throughout the house, there's ample closet storage space in this bedroom. Especially note the built-in china and broom closets in the central hallway.

Two bedrooms are provided for on the second story. And, here on the second floor you have even more storage space including a walk-in storage section under the eaves.

Good lighting and cross ventilation are featured in each of the bedrooms.

**Laundry Equipment**  
If you place your laundry equipment in the kitchen, your only required basement installation will be your heating plant. This should be located under the living room. If you prefer to have the laundry in the basement, put it under the kitchen or bath.

**Blueprints Available**  
Complete plans and specifications for this house and all other "Home of the Week" designs are available at moderate cost.

### Hall Pictures Bid Guests Welcome

Dress up your front hall with pictures to give guests a favorable first and last impression of your home.

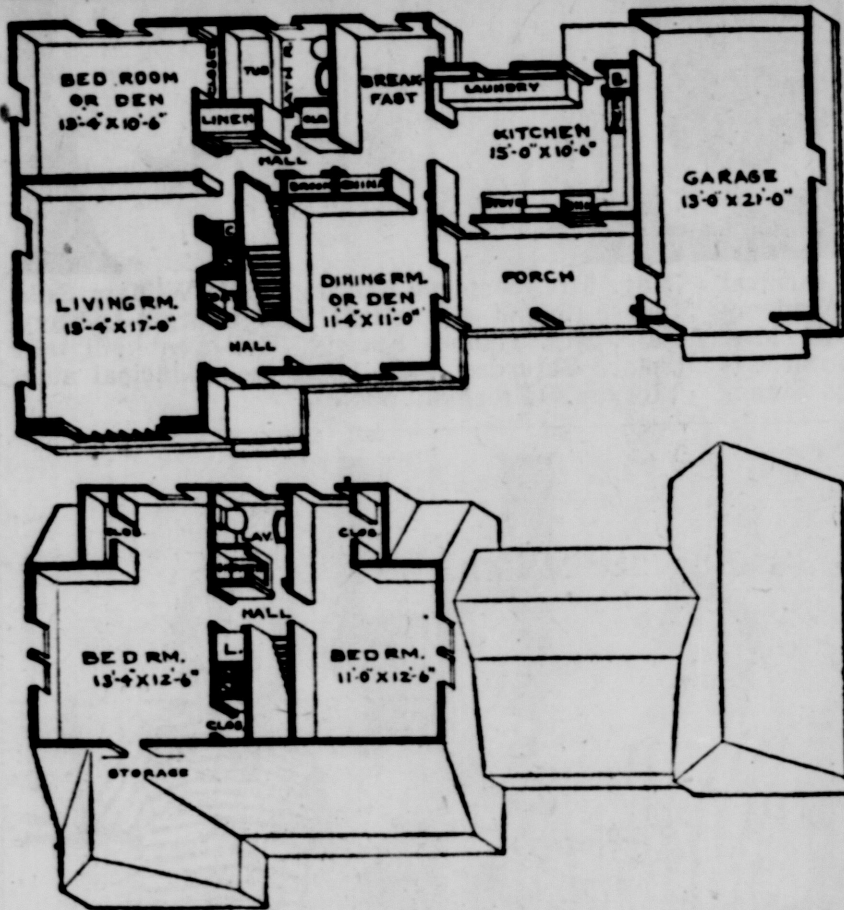

In a small hallway you can use bold color on the walls, but be sure it harmonizes with the wall colors in adjacent rooms. If you like large pictures, choose one or more for the side walls, selecting sizes that are the same general shape as the wall space the pictures will occupy. Hang the pictures at eye level.

Even more interesting is a collection of pictures arranged as a grouping. Scores of fine color reproductions of the world's great art, all beautifully framed, are available in stores at moderate cost. Select those that appeal to you personally.

On one wall include a framed mirror in your picture arrangement. A piece of sculpture on a bracket or greenery in a wall container will add interest.

**Destructive Moisture**  
Constant vigilance must be maintained to prevent damaging moisture from entering the walls of your house. Signs of uncontrolled moisture are most readily detected around window frames, on siding, gutters and downspouts and on porch posts and steps. Blistered paint is a warning signal that you need to take immediate action to protect your home.

**Vines Cause Trouble**  
Be careful about allowing creeping vines to use your house as a trellis. The small shoots have a bad habit of getting in under cracks in the woodwork and doing considerable damage.

### Give Equipment Constant Care

Cleaning of garden equipment frequently is left undone until the season is over and things are stored for the winter. A thorough cleaning at that time is highly important, but it is only part of good gardening. Metal always should be kept bright and well oiled where friction takes place.

Sprayers should be thoroughly cleaned after each use, especially the spray head, which is most likely to clog. Fertilizer spreaders also need a good scrubbing after each use to get rid of all corrosive particles. To keep the leather washers in pumps flexible, use neatsfoot oil, which softens the leather excessively.

Duster pumps never should be oiled. One of two puffs of fine graphite injected from the plastic tube in which it is most commonly packed will give proper lubrication.

### Methods Suggested In Applying Enamel

One coat of enamel is usually sufficient for most refinishing work. If you plan to use two coats—or believe you will need a second one because the color change is radical—you have a choice of two methods. You can either apply two coats of enamel—or—you can first apply what's known as enamel undercoater. The enamel undercoater comes only in white. This is satisfactory under all light colors. If you are using a dark enamel, it's wise to tint the undercoater with the finishing enamel, using about three parts undercoater to one part enamel.

### Popular Panel Woods

Natural wood paneling, finished in wax, stain, shellac or varnish is much in favor for kitchen walls and cabinets. Redwood, birch, plain pine boards, knotty pine and pecky cypress are among the most popular woods for this purpose.

### Keeping Putty Soft

Putty in a container can be prevented from becoming hard and difficult to work by pouring a thin film of linseed oil over it. Cover the linseed oil with a sheet of waxed paper and be sure the lid of the container is on tight.

### Annual Flower Seeds Present Double Hazard

Failure with annual flower seed is likely to be due in most cases to one or two causes—the time they take to germinate and the tininess of the seedling plants.

Annuals which germinate quickly, such as Zinnias, which come up in a few days, are easy for most garden makers. But larkspurs take 15 days; petunias, 20; sweet peas, 15, and in general there is a great variation in the time it takes flower seeds to start growing, with many varieties taking much longer than the beginner is likely to expect.

Tiny flower seedlings are easily destroyed by the wash of rains across the bed. They are subject to other hazards which will usually destroy them unless the gardener has discovered and is taking care of them. A beginner is well advised if he sows his flowers in a seed bed, in rows which can be marked. ### New Hardwood Trim Matches Wall Panels

Because many home owners are swinging to wood-paneled walls, several hardwood plywood manufacturers now are market-

ing simplified hardwood trim to match the wall panels. The modern lines of trim and moldings make it easy for the "do it yourself" paneler to make the installation and give it a professional look. The trim's modern styling blends unobtrusively with paneled surfaces. Traditional styles of trim also are available in hardwoods to match plywood. These items can be obtained through most lumber dealers.

Never before have so many fine features been concentrated in a boiler heating unit of this trim size—the favored size that outsells all others.

**New boiler gives your home  
all the comfort of radiant heat**

... and pays for itself in the fuel you save!

The new Crane "Sunnyday" boiler is the greatest advance in cast iron boilers in 20 years.

It burns either oil or gas, saves up to 15¢ on every fuel dollar. It saves so much on fuel bills that it brings the healthful benefits of radiant, hot-water home-heating within

reach of any budget.

This new Crane boiler has a handsome jacket by famous designer Henry Dreyfuss. And its nine firetubes (more than in any other similar boiler) give more heating capacity in less space.

If you're thinking of buying or building a home... or if your present heating system costs too much to run... it will pay you well to investigate Crane's new "Sunnyday"!

**New Crane Radiant Baseboard gives even warmth—leaves whole floor free for any furniture arrangement.**

You'll find no hot-or-cold spots as you walk around a room heated by Crane Radiant Baseboard. Instead you get uniform healthful warmth everywhere. And the radiant baseboard leaves your floors free for any furniture arrangement.

Introduced today by the Home of the Week Plan Service, "The Peck" has an exterior appearance somewhat reminiscent of an old New England farmhouse—but there's nothing old-fashioned about the interior of this roomy, two-story house.

Measuring 32 by 25 feet, this house has a cubage of 20,200 feet. The cubage of the garage is 4,700 feet. Thus, to build this attractive six-room house you'll need only a 60-foot lot. A house of this type will always be "in style" and will look equally attractive in any setting.

Second Story  
Since complete living facilities are provided on the first floor you can finish the second story at your convenience. This feature will give the house an especially strong appeal to the many folks who must follow a limited building budget. Thus, this house plan also has special appeal for the growing family.

Large and comfortable, the living room can do double duty if you desire. However, a regular dining room is provided for in this plan. Since this room is also designated as a den you may wish to have it serve as a sort of "extra" living room as well as a formal dining area.

Opening off the kitchen, the breakfast area actually is a room by itself. Because it is so roomy and pleasant the breakfast nook can be used for many of your family's meals. The kitchen proper, too, is of generous size. As a matter of fact, it is large enough to accommodate your home laundry equipment in addition to the usual kitchen appliances. Ready access to the yard is provided by the rear door—you'll especially appreciate this feature if you do place your laundry equipment in the kitchen.

Plenty of Room  
There's plenty of room, too, in the one bedroom located on the ground floor. And, as throughout the house, there's ample closet storage space in this bedroom. Especially note the built-in trunk and broom closets in the central hallway.

Two bedrooms are provided for on the second story. And, here on the second floor you have even more storage space including a walk-in storage section under the eaves.

Good lighting and cross ventilation are featured in each of the bedrooms.

Laundry Equipment  
If you place your laundry equipment in the kitchen, your only required basement installation will be your heating plant. This should be located under the living room. If you prefer to have the laundry in the basement, put it under the kitchen or bath.

Blueprints Available  
Complete plans and specifications for this house and all other "Home of the Week" designs are available at moderate cost.

**Hall Pictures Bid  
Guests Welcome**

Dress up your front hall with pictures to give guests a favorable first and last impression of your home.

In a small hallway you can use bold color on the walls, but be sure it harmonizes with the wall colors in adjacent rooms. If you like large pictures, choose one or more for the side walls, selecting sizes that are the same general shape as the wall space the pictures will occupy. Hang the pictures at eye level.

Even more interesting is a collection of pictures arranged as a grouping. Scores of fine color reproductions of the world's great art, all beautifully framed, are available in stores at moderate cost. Select those that appeal to you personally.

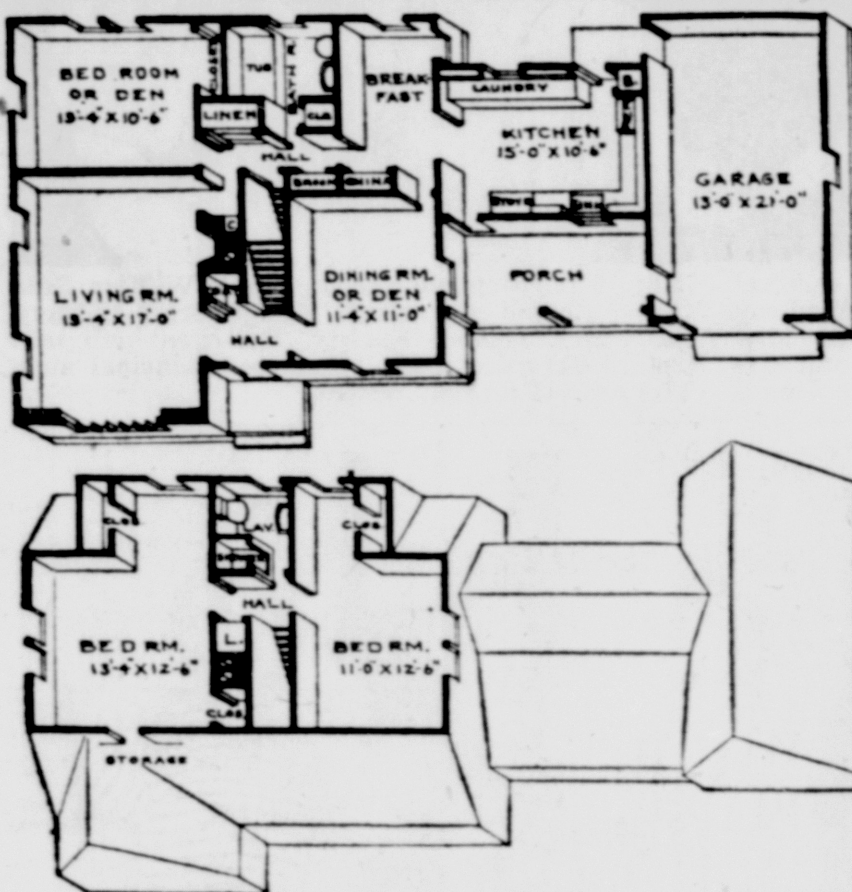

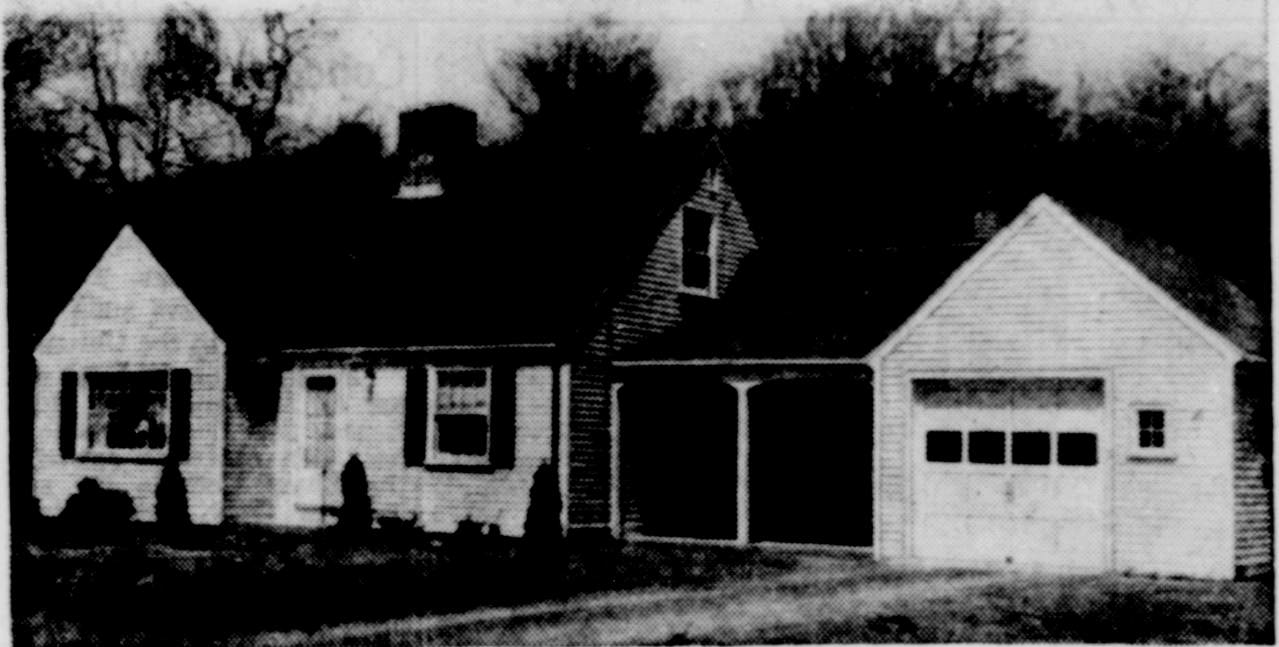

On one wall include a framed mirror in your picture arrangement. A piece of sculpture on a bracket or greenery in a wall container will add interest.

**Destructive Moisture**

Constant vigilance must be maintained to prevent damaging moisture from entering the walls of your house. Signs of uncontrolled moisture are most readily detected around window frames, on siding, gutters and downspouts and on porch posts and steps. Blistered paint is a warning signal that you need to take immediate action to protect your home.

**Vines Cause Trouble**

Be careful about allowing creeping vines to use your house as a trellis. The small shoots have a bad habit of getting in under cracks in the woodwork and doing considerable damage.

**Give Equipment  
Constant Care**

Cleaning of garden equipment frequently is left undone until the season is over and things are stored for the winter. A thorough cleaning at that time is highly important, but it is only part of good gardening. Metal always should be kept bright and well oiled where friction takes place.

Sprayers should be thoroughly cleaned after each use, especially the spray head, which is most likely to clog. Fertilizer spreaders also need a good scrubbing after each use to get rid of all corrosive particles. To keep the leather washers in pumps flexible, use neatsfoot oil, which softens the leather excessively.

Duster pumps never should be oiled. One of two puffs of fine graphite injected from the plastic tube in which it is most commonly packed will give proper lubrication.

**Methods Suggested  
In Applying Enamel**

One coat of enamel is usually sufficient for most refinishing work. If you plan to use two coats—or believe you will need a second one because the color change is radical—you have a choice of two methods. You can either apply two coats of enamel—or—you can first apply what's known as enamel undercoater. The enamel undercoater comes only in white. This is satisfactory under all light colors. If you are using a dark enamel, it's wise to tint the undercoater with the finishing enamel, using about three parts undercoater to one part enamel.

**Popular Panel Woods**

Natural wood paneling, finished in wax, stain, shellac or varnish is much in favor for kitchen walls and cabinets. Redwood, birch, plain pine boards, knotty pine and pecky cypress are among the most popular woods for this purpose.

**Keeping Putty Soft**

Putty in a container can be prevented from becoming hard and difficult to work by pouring a thin film of linseed oil over it. Cover the linseed oil with a sheet of waxed paper and be sure the lid of the container is on tight.

**Annual Flower  
Seeds Present  
Double Hazard**

Failure with annual flower seed is likely to be due in most cases to one or two causes—the time they take to germinate and the tininess of the seedling plants.

Annuals which germinate quickly, such as Zinnias, which come up in a few days, are easy for most garden makers. But larkspurs take 15 days; petunias, 20; sweet peas, 15, and in general there is a great variation in the time it takes flower seeds to start growing, with many varieties taking much longer than the beginner is likely to expect.

Tiny flower seedlings are easily destroyed by the wash of rains across the bed. They are subject to other hazards which will usually destroy them unless the gardener has discovered and is taking care of them. A beginner is well advised if he sows his flowers in a seed bed, in rows which can be marked. The bed should be surrounded by a wooden curb two inches high, which will keep rain from washing over it.

Perennial flower seeds should

always be sown in a seed bed. They should be transplanted as soon as they have formed their true leaves and planted in rows to grow through the season before being placed in the border.

Tom Sheehan Called the Turn

## Bums' Honeymoon Over As Giants Prevail, 5-4

By ED WILKS  
(The Associated Press)

Right in the middle of Brooklyn's record winning streak, when the question was "What's with the Dodgers?", a gent named Tom Sheehan was asked "What's up with the Giants?"

The world champion New Yorkers had just lost a Sunday doubleheader to Philadelphia and had an atrocious 1-5 record. Sheehan, sitting amid the gloom of the Giants' clubhouse at the Polo Grounds, tossed off the two defeats like two fingers of bonded stuff.

"All I can say is for everybody just to wait a while until class begins to show. Nuts to Brooklyn. We'll catch up with the Dodgers next weekend at Ebbets Field."

The Giants made him look good last night, coming on for five runs in the eighth to knock the Brooks off their 10-game streak 5-4.

New York won't be able to overhaul the Dodgers in this series, however. Rainouts have left them lagging 5½ games behind. But they could put Brooklyn in danger of being passed by the St. Louis Cardinals or Milwaukee Braves.

**THE CARDS GAINED** a second place tie—three games back—with the Braves last night, beating Milwaukee 2-1 on Brooks Lawrence's five-hitter.

In other National League games, Philadelphia scored five in the ninth to beat winless Pittsburgh 5-4 and Chicago whacked Cincinnati 6-3.

In the American League, Chicago took a percentage lead over Boston, Cleveland and New York in a jam for first place. The White Sox, with a 5-2 record, beat Kansas City 5-3 last night, while Cleveland beat Detroit 8-5. New York defeated Boston 3-0 in the afternoon. The Red Sox, Indians and Yankees have 6-3 records.

Washington edged Baltimore in the other AL night game 3-2. Brooklyn had a 3-0 lead going into the eighth after the Giants missed with the bases loaded in the seventh. But New York loaded 'em again against Johnny Podres and when Don Mueller singled two home, Jim Hughes came on to relieve. Whitey Lockman smacked him for a double that brought home two more and made it a five-run inning as rookie Don Zimmer's relay went into the Dodger dugout.

**THE BROOKS LOADED** the bases against reliever Marv Grissom in their eighth, but scored just once—with the tying run thrown out at the plate by Lockman, who fielded Jackie Robinson's squeeze bunt. The play resulted in the expulsion of Walt Alston, Brooklyn's usually reticent manager.

In the game at Milwaukee, the Cards enjoyed unusual success against crafty Warren Spahn and had both runs and 10 of their 11 hits when the lefty departed in the ninth. Lawrence breezed until the ninth, when a single, a walk and two errors gave Milwaukee its run.

Del Ennis capped Philadelphia's winning ninth, smacking a three-run homer off reliever Roger Bowman. Bob Purkey, who had two-hit the Phils until the ninth, left after a double, a triple and a walk. It was the seventh loss for the Bucs.

Whitey Ford continued his masterful work for the Yankees, making Boston his second straight shutout victim. He now has a string of 21 scoreless innings going, while winning three games. Hank Bauer and Yogi Berra homered for two of the four hits loser Frank Sullivan allowed in his six innings. Red singled in the other Yank run.

**GERRY COLEMAN**, Yank second baseman, suffered a collarbone fracture in a home plate collision after an attempted double steal in the third. He'll be out from six to eight weeks.

Chicago had its 5-3 lead going into the ninth, but had to call in Morrie Martin, third White Sox pitcher, who set down the awakening Athletics for starter Virgil Trucks' first victory.

Chico Carrasquel got four of the Sox' nine hits—including a home run—and scored three times. Cleveland made two walks and an error to score four times in the third for Bob Lemon's third triumph. Larry Doby hit a two-run homer in the first for the Indians off loser Steve Gromek. Fred Hatfield and Ray Boone homered off Lemon, who needed Ray Narleski's help in the eighth.

### Crane Overhauls Mosconi, 150-146

Philadelphia, April 23 (AP)—Irving Crane of Binghamton, N. Y., edged Willie Mosconi of Philadelphia, last night in a tense, arduous 19-inning duel, 150-146 to force a playoff in the week-long pocket billiards championships.

Crane came from behind, 23-146, in the 15th inning to hand Mosconi his first defeat. The playoff will be held tonight at the Arena. Both finished with a 5-1 won-lost record.

## Dot Rawding's 173 Mark Leads Friendship League

Dot Rawding, the KWBA president, set a splendid example for Friendship League keglettes with her league leading 173.84 average during the 1954-55 campaign.

Mrs. Rawding was one of nine bowlers who rolled the complete 90-game schedule.

**CHARLOTTE LAPINE**, another established veteran ace, was runnerup with a 170.75 average. Rounding out the first five were Marge Jansen 165.25; Marie Kelekian 164.71 and Rita La Rocca 164.52.

Sealtie captured the team title with a record of 58 wins and 32 losses, for a 4½-game bulge over the runnerup Bob Steele's Auction.

Hazel Stophor rolled 239 for high single honors and Charlotte Lapine rolled 631 for high series. League team records were Kingston Lumber with 895 and Smith's Truck Equipment with 2534.

The opening of the 16th season of Little League baseball finds approximately one of every eligible 12 boys in the United States affiliated with this marvelous program.

In reviewing the prospects for 1955, Peter J. McGovern, president of Little League, pointed out that more than 500,000 boys in the 9 to 12 year old age category will be swinging into action in the 1955 season. Current census figures reveal that there are six million eligible boys in that age group in the United States.

While the franchising of new leagues by National Headquarters at Williamsport, Pa., is not expected to be completed for several weeks, the net increase of approximately 700 leagues over 1954 represents a gain equivalent to the entire growth of the first ten years of the program.

Other significant phases of the pre-season outlook include the addition of the first league in North Dakota, thus rounding out the full complement of 48 states; new leagues at various military installations throughout the world (Guam, Germany, Korea, Panama, etc.) and further implementation of policies and rules dealing with the health and safety of the boys. One of the most important changes in the rules was adopted by the Board of Directors last October. It provides that, by 1957, no boy under 12 years of age may compete on all-star teams selected for the national tournament play.

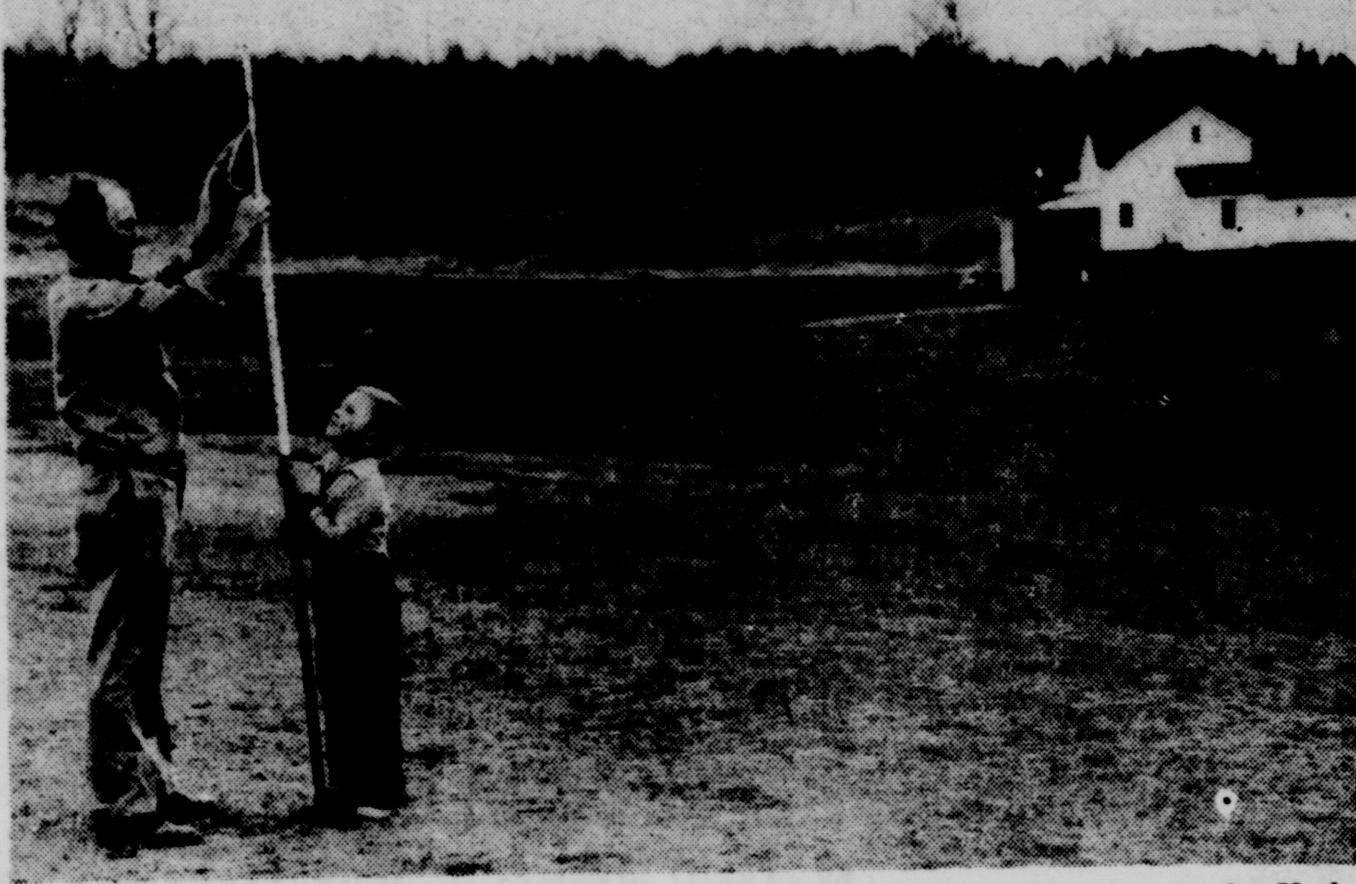

Thanks to foresighted persons like Bob Umpleby, Bill Scully, James DeCicco, Bob Graves, Chet Barth and others, Kingston and environments have kept abreast of the national growth. A third league—the Junior Chamber of Commerce-sponsored circuit starts operation at Forsyth Park this season.

That gives Kingston a total of three leagues, along with the Esopus Legion loop and others at Highland, New Paltz, Saugerties and Glasco. A fourth league in the booming area north of Albany avenue in the Town of Ulster would give Kingston par for the course.

### Of Men and Mice:

Willie Cragan was once a Little League star in Kingston and many folks thought the handsome youngster would follow in the great tradition of his father, Hank Cragan, who was one of the best all-around baseball players ever developed in Ulster county. But Willie can't seem to make up his mind whether he wants to play high school ball. We hope he does play. . . 119 youngsters registered for Little League tryouts in Saugerties. . . Saugerties Chamber of Commerce will donate a trophy for a trotting event at Saratoga Raceway this summer. It will be known as the "Saugerties Trot." Babe Ruth League in Saugerties opens June 21.

Irving Crane, the brilliant Rochester pocket billiard star, tied an all-time record with a run of 116 against Erwin Rudolph in the national tournament a few nights ago. And it recalled a story that happened in the Pop Morgenweck basketball era. Nick Kaslich had Crane booked for an exhibition at 7:30 and the Colonials were playing the Philadelphia Sphas that night. "Make it fast tonight," Nick admonished Crane. He did. He ran 57 balls the first frame, 57 the second and the boys were off to an early start for the basketball game.

**TAKE A LOOK, SON:** Herb Kessman, who recently leased the old Wiltwyck Golf Club layout, points out to his young son, Stewart Gregory Kessman, the revised setup that will eventually embrace nine holes at the Hurley avenue links. The course is now operated as a public course. (Freeman Photo).

### Boston Doge To Miss Derby

Boston, April 23 (AP)—Unbeaten Boston Doge, the sprinting bay colt, will not run in the Kentucky Derby.

Owner Paul Andolino has announced that Boston Doge will appear in the \$25,000 added Delaware Stakes at Garden State Park in New Jersey May 7 instead of the blue grass classic.

"We regret passing up the Derby," said Andolino, a local resident. "But when we were unable to send the colt in the mile and a sixteenth Chesapeake Stakes at Bowie today, our Derby chances ended. Had the Doge started in the Chesapeake he would have been ready for the mile and a quarter of the Derby."

Boston Doge has won all 10 of his races—but always at the shorter sprint distances.

### Worst Winter

Lansing, Mich. (AP)—Michigan wildlife experts say the state's huge deer herd, numbering an estimated 600,000, may have suffered the worst winter starvation since the disastrous 1950-51 season when whole herds fell dead from lack of food.

## Tom Sheehan Called the Turn Bums' Honeyymoon Over As Giants Prevail, 5-4

By ED WILKS  
(The Associated Press)

Right in the middle of Brooklyn's record winning streak, when the question was "What's with the Dodgers?", a gent named Tom Sheehan was asked "What's up with the Giants?"

The world champion New Yorkers had just lost a Sunday doubleheader to Philadelphia and had an atrocious 1-5 record. Sheehan, sitting amid the gloom of the Giants' clubhouse at the Polo Grounds, tossed off the two defeats like two fingers of bonded stuff.

"All I can say is for everybody just to wait a while until class begins to show. Nuts to Brooklyn. We'll catch up with the Dodgers next weekend at Ebbets Field."

The Giants made him look good last night, coming en for five runs in the eighth to knock the Brooks off their 10-game streak 5-4.

New York won't be able to overhaul the Dodgers in this series, however. Rainouts have left them lagging 5½ games behind. But they could put Brooklyn in danger of being passed by the St. Louis Cardinals or Milwaukee Braves.

**THE CARDS GAINED** a second place tie—three games back—with the Braves last night, beating Milwaukee 2-1 on Brooks Lawrence's five-hitter.

In other National League games: Philadelphia scored five in the ninth to beat winless Pittsburgh 5-4 and Chicago whacked Cincinnati 6-3.

In the American League, Chicago took a percentage lead over Boston, Cleveland and New York in a jam for first place. The White Sox, with a 5-2 record, beat Kansas City 5-3 last night, while Cleveland beat Detroit 8-5. New York defeated Boston 3-0 in the afternoon. The Red Sox, Indians and Yankees have 6-3 records.

Washington edged Baltimore in the other AL night game 3-2.

Brooklyn had a 3-0 lead going into the eighth after the Giants missed with the bases loaded in the seventh. But New York loaded 'em again against Johnny Podres and when Don Mueller singled two home, Jim Hughes came on to relieve. Whitey Lockman smacked him for a double that brought home two more and made it a five-run inning as rookie Don Zimmer's relay went into the Dodger dugout.

**THE BROOKS LOADED** the bases against reliever Marv Grism in their eighth, but scored just once—with the tying run thrown out at the plate by Lockman, who feld Jackie Robinson's squeeze bunt. The play resulted in the expulsion of Walt Alston, Brooklyn's usually reticent manager.

In the game at Milwaukee, the Cards enjoyed unusual success against crafty Warren Spahn and had both runs and 10 of their 11 hits when the lefty departed in the ninth. Lawrence breezed until the ninth, when a single, a walk and two errors gave Milwaukee its run.

Del Ennis capped Philadelphia's winning ninth, smacking a three-run homer off reliever Roger Bowman. Bob Purkey, who had two-hit the Phils until the ninth, left after a double, a triple and a walk. It was the seventh loss for the Bucs.

Whitey Ford continued his masterful work for the Yankees, making Boston his second straight shutout victim. He now has a string of 21 scoreless innings going, while winning three decisions. Hank Bauer and Yogi Berra homered for two of the four hits loser Frank Sullivan allowed in his six innings. Ford singled in the other Yank run.

**GERRY COLEMAN**, Yank second baseman, suffered a collarbone fracture in a home plate collision after an attempted double steal in the third. He'll be out from six to eight weeks.

Chicago had its 5-3 lead going into the ninth, but had to call in Morrie Martin, third White Sox pitcher, who set down the awakening Athletics for starter Virgil Trucks' first victory. Chico Carrasquel got four of the Sox' nine hits—including a home run—and scored three times.

Cleveland made the most of three hits, two walks and an error to score five times in the third for Bob Lemon's third triumph. Larry Doby hit a two-run homer in the first for the Indians off loser Steve Gromek. Fred Hatfield and Ray Boone homered off Lemon, who needed Ray Narleski's help in the eighth.

### Crane Overhauls Mosconi, 150-146

Philadelphia, April 23 (AP)—Irving Crane of Binghamton, N. Y., edged Willie Mosconi of Philadelphia, last night in a tense, arduous 19-inning duel, 150-146 to force a playoff in the week-long pocket billiards championships.

Crane came from behind, 23-146, in the 15th inning to hand Mosconi his first defeat. The playoff will be held tonight at the Arena. Both finished with a 5-1 won-loss record.

### Fights Last Night

(By The Associated Press)

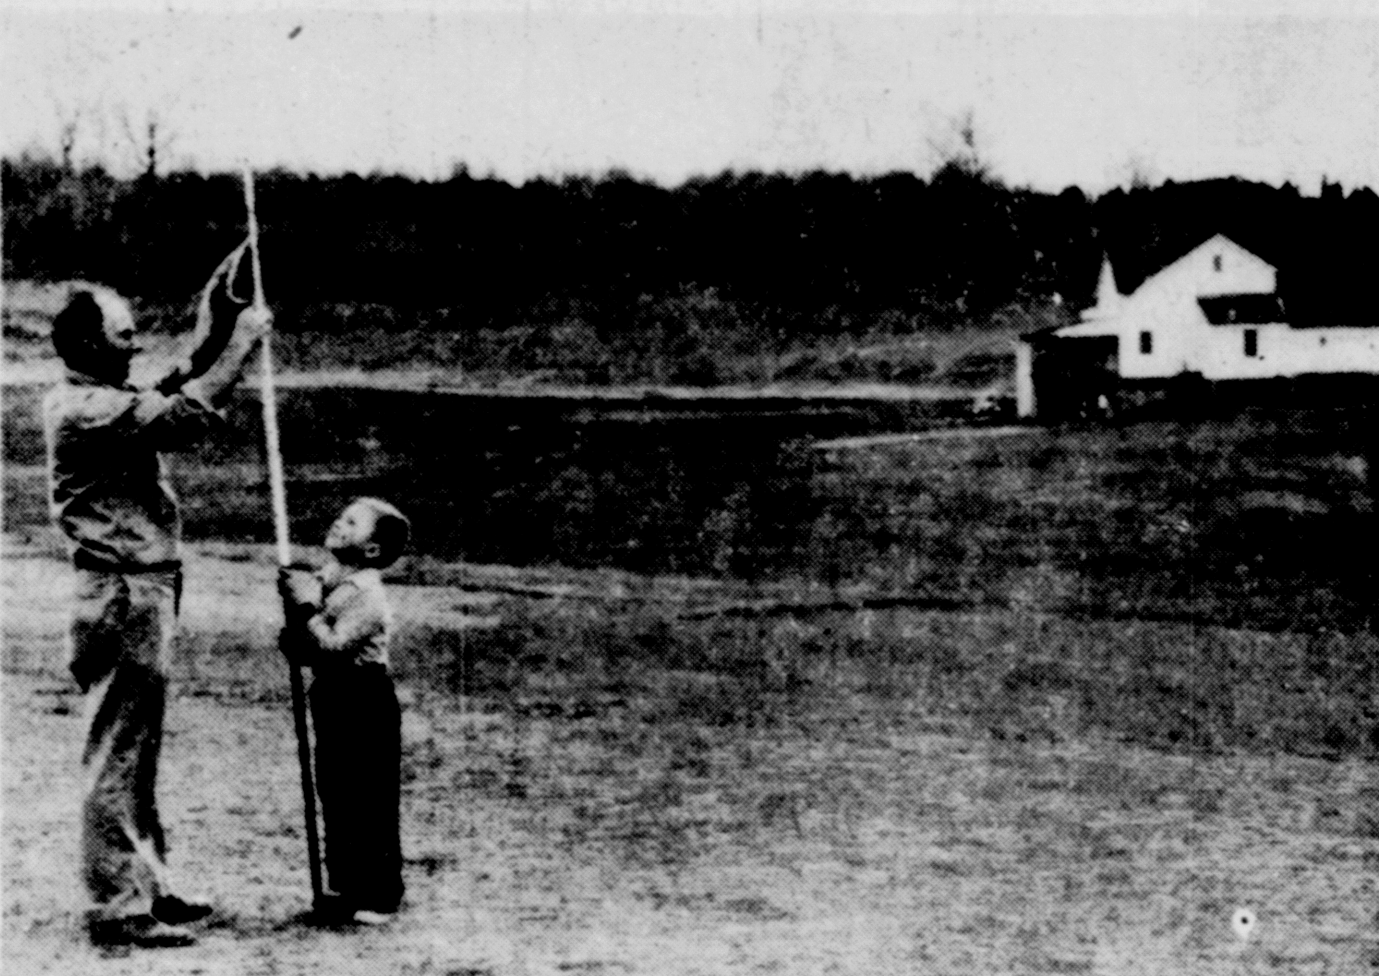

Chicago—Willie Pastrano, 166, New Orleans and Willie Troy, Washington, 160½, drew, 10.

Philadelphia—Fernando Fala, 195½, Philadelphia, outpointed Lou Bensen, 218, Baltimore, 8.

Klamath Falls, Ore.—Billy Lanza Corbett, 162, Sacramento, knocked out Perry Cobb, 161, Vallejo, Calif., 2.

### Mustion Hurls One-Hit Game Against Wallkill

Saugerties' Farrell Yields Only Two Hits

Friday's Results

Marlboro 13, Ontora 3  
Saugerties 2, Highland 0  
Kerhonkson 5, Wallkill 3

Marlboro Central walloped Ontora, 13-3, behind Charlie Mandia's 3-hit pitching for its 22nd straight victory over a three-year span.

In two other Ulster County Athletic League games marked by brilliant pitching, Saugerties blanked Highland, 2-0, as Jim Farrell spun a 3-hitter.

Mustion walked four and struck out nine. The winners collected only three hits off a trio of Wallkill fingers.

Farrell yielded only singles to Rifenberg and the opposing pitcher, Pampinella. Whitaker doubled and Erege tripled among the five safeties off Pampinella, who fanned four.

**GEORGE MACKEY**, who pitched a one-hitter the last time and Mullins, collected three hits apiece to lead Marlboro's 15-hit assault on Germond and Rotella.

Mackey had a pair of singles and a double and Mullins cracked a solo homer in the fourth.

Charlie Mandia pitched a strong game, yielding only three hits, two to Shultz, while fanning 12 and walking four.

The victory was the fourth in a row this season for Coach Jack Kroh's players, who were unbeaten in 17 tilts last spring and also won their final 1953 game.

## Sports of the Day

IN BRIEF  
(By The Associated Press)

### BASEBALL

**BROOKLYN** — Giants ended Dodgers' 10-game winning streak with 5-run rally in 8th inning 5-4.

By riding three winners on closing day, jockey Ted Atkinson won his fourth Hialeah track title. He also was the top jockey in 1947, 1948 and 1953.

### True Kitty Wins

Westbury, N. Y., April 23 (AP)—True Kitty, 8-year-old bay mare, scored a half-length victory over the favored Luetta Hanover in 2:06.2 at Roosevelt Raceway last night. Knight's Princess was third. True Kitty, driven by Billy Hudson, gained her first victory of the year in four starts and paid \$8, \$3.40 and \$2.80.

Gene Baker of the Chicago Cubs never played second base until last year. As a rookie in 1954 he was the Cubs regular second sacker.

clerk's office for the benefit of the CYO of St. Benedict's Church. Mrs. Harold Adams will serve as chairman, assisted by Mrs. George F. Decker, Mrs. Paul Gaffney and Mrs. Michael Belden.

Miss Janet Neuwirth, daughter of Mr. and Mrs. John Neuwirth, spent Easter vacation with a former resident of Wallkill, Rep. John M. Lewis and Mrs. Lewis of Danbury, Conn. While there she spent a day at Hartford where she registered at the visitors lodge at the capital. She motored to Hartford with Rep. Mary Reed and Rep. John M. Streman of Bethel, Conn., and Rep. Lewis of Danbury, Conn. Janet was taken to the office of John Dempsey, secretary to the governor, and at this time she met Gov. Ribicoff and received his autograph and a souvenir. She went on a tour through the state capital, after which she attended an entire session. During her visit with Mr. and Mrs. Lewis she called

on a former schoolmate Rita Bell.

Mr. and Mrs. Conrad G. Velders were recently honored at a greenback shower at the home of Mr. and Mrs. John Velders. The room was decorated in pink and white with a large white wedding bell from which streamers with greenbacks were attached. The decoration was carried into the dining room where the table was also done in pink and white with a large pink and white cake for the honored couple. Guests attending were Mr. and Mrs. Adam Klonowski, son Paul of Kingston, Carol Klonowski, Christian, Mrs. Marge Ross, Mrs. John Gobe, Miss Marion Lavelle, Mrs. Clarence Daley, Mrs. Joseph Wydra, Mrs. Harry Keator and daughter Bonnie, Miss Audrey Schmidt, Gary Terwilliger and Mrs. Conrad A. Velders.

Mrs. Conrad A. Velders entertained at a dinner party Saturday in honor of the fifth wedding anniversary of her son and daughter-in-law. Guests were Mr. and Mrs. Conrad G. Velders and children Sharon and Davey, Wilbur Christian, Miss Marion Lavelle, Mrs. Emma Christian and the honored couple Mr. and Mrs. John Velders and daughter Linda.

The Parents Club of the Wallkill Central School will meet in the library of the school at 8 p. m., May 5. The program chairman will be Mrs. Crosby Wilkin assisted by Mrs. John Sheehy and Mrs. Gerard D'Laig. The guest speaker for the evening will be Dr. Roland Will of New Paltz State Teachers College. He will speak on his experiences during a year of teaching in universities in Japan as a Fulbright scholar and will illustrate his talk with colored slides.

Lions Club of Wallkill held a dinner meeting at Dixie Farm Tuesday evening. Following the dinner a business meeting was held at which time the following men were elected: John McElhenney, president; Dr. Ira Wickner, first vice-president; Ernest Beesman, second vice-president; S. Laverne Hastings, third vice-president; Clare F. Ostrander, secretary; Angelo S. Ruggiero, treasurer; Richard Parker, director; Ernest Rose, director; William H. Tompkins, chairman and charter night chairman; Jack K. Ross, Sr., director; Joseph Doolittle, Lion tamer; Kenneth Hasbrouck, constitution chairman; Peter Riggins, tail twister and Everett W. Poole, membership chairman. After the election of officers a formal application for charter was submitted. The next meeting will be held Tuesday, May 10 at Dixie Farm, at 6:30.

**Scow Strike Averted**

New York, April 22 (AP)—A port-wide strike of scow captains was averted at dawn today—90 minutes before it had been scheduled to start—when negotiators reached agreement on contract terms. A new two-year contract gives the 750 scow captains higher wages and shorter hours. The scows mainly carry bulk cargoes such as sand, gravel, rock, scrap iron and other metals, as well as boxed automobiles and other general cargo items brought into the port by railroads for export.

**HEALTH FOR ALL****Life-Saving Ray**

A chest X-ray is no cure for tuberculosis, but it could save your life.

When the mobile X-ray unit comes to your community offering free miniature chest films, you are taking a chance with your life if you pass up the opportunity. You say you'd rather not know if you have tuberculosis? You don't really mean that. Maybe you're a little bit afraid of what the eye of the X-ray will see.

If you are worried that you might have tuberculosis, here is something you should know. Pulmonary tuberculosis is a disease which gives its victim very little trouble in its early stages. Once established in the lungs, the germs usually go to work quietly to destroy lung tissue. Rarely is the host aware that anything is wrong. Yet it is in just such an early stage that "TB" can most easily and surely be cured. With modern treatment, an early case can often be restored to health in only a few months.

Most of the people X-rayed in community surveys of apparently healthy people are found to be just as healthy as they look. However, every case found and treated is an important step toward eradication of tuberculosis. The longer a case of TB goes undiscovered and untreated, the more dangerous it is to the health of the individual and to those close to him. By the time serious symptoms are apparent, the disease has usually progressed to a point where it is more difficult to cure. It is important to remember that tuberculosis in its early stages often has no outward sym-

toms. You may feel perfectly well and still have TB. With modern treatment, doctors can cure the disease. Even a person with an advanced case of getting well. You can give yourself the best possible chance by taking advantage of the opportunity offered by the life-saving X-ray.

**EASTERN NEW YORK:** Fog in the lower Hudson valley lifting today, mostly sunny and cooler in all sections. High 55 to 60 in the northern portions, in the 60s in the southern portions. Fair tonight, low 36 to 45. Sunday increasing cloudiness, windy and cool with rain likely by night. High 55 to 63.

### Pat Ward Breaks Arm

New York, April 23 (AP)—Pat Ward, key figure in the conviction of wealthy Minot F. Jelke on cafe society vice charges, came home from a date early today with a broken arm. Police said the 21-year-old former call girl told them she slipped and fell in Greenwich Village as she was getting into a car. Her mother said Pat took the tumble after she and her date had stopped to investigate a squeak in his car.

### Will Attend Celebration

New York, April 23 (AP)—Columbia University will send two representatives to Moscow University's 200th anniversary celebration May 7-15. Two Soviet educators attended Columbia's bicentennial last year. Columbia announced yesterday it was sending Dr. Richard R. Powell, professor of law, of Englewood, N. J., and Dr. J. Bartlett Brebner, professor of history now at Cambridge University, England, on a year's leave. Powell is scheduled to leave here May 3 and meet Brebner in England. The two will journey together to Moscow.

### Homes Are Evacuated

Manila, April 22 (AP)—Residents of two small villages on Mindanao Island began evacuating their homes today as Mt. Makaturing spouted smoke and fire. The 5,025 foot volcano has not erupted in 50 years. It is in a densely forested area in southern Lanao Province. Lanao was the hardest hit area in the April 1 earthquakes when hundreds were killed. Philippine News Service said people were getting out of Lubatan and Butig at the foot of the mountain.

## President to Address AP on World Trade

New York, April 23 (AP)—The White House says President Eisenhower's address Monday at the Associated Press luncheon will make world trade his principal topic.

Press Secretary James C. Hagerty told newsmen yesterday in Washington the President "believes that trade is the bridge between a prosperous America and a free world at peace."

The President's speech will be carried live on the CBS and NBC television networks at 2 p. m., Eastern Daylight Time (1 p. m., Eastern Standard Time).

The talk will be carried live on the NBC, Mutual and ABC radio networks at the same time.

At 4:30 p. m., Eastern Daylight Time (3:30 p. m., Eastern Standard Time), CBS will broadcast a tape recording of the speech.

### Harriman Lehman Meet

New York, April 23 (AP)—Gov. Averell Harriman, Sen. Herbert H. Lehman (D-N.Y.) and 14 of New York state's 17 Democratic congressmen meet today at Harriman's New York apartment to discuss legislation affecting the state. The governor's office said yesterday that New York Secretary of State Carmine G. De Sapio also would attend the conference. De Sapio is a Democratic national committeeman and leader of Tammany Hall, Manhattan's Democratic organization.

Stabs Self in Leg

Peter Brennan, 12, of 79 West Chestnut street, was showing a group of boys his knife on Broadway near Pine Grove avenue about 9:30 p. m. yesterday when he accidentally stabbed himself in the left leg, according to a report on the local police blotter. Officer Charles McCullough, who investigated, reported that Brennan was treated at Kingston Hospital and released. The knife was taken and turned over to Police Chief Raymond Van Buren.

### Ships Burn at Niagara

Niagara Falls, Ont., April 23 (AP)—Today, for the first time since 1885, Niagara Falls is without a Maid of the Mist. The two famed cruise ships, which took tourists almost underneath the Horseshoe Falls and close to the American Falls, burned yesterday in drydock while being refitted for summer. Fire Chief John C. Shapton of Niagara Falls collapsed while directing operations and died a short time later in a hospital. Two workmen were injured. Authorities said a spark from a welder's torch ignited a tarred canvas covering both double deck ships.

Pay Honor to Einstein

Princeton, N. J., April 23 (AP)—"Albert Einstein was his own symbol," said Rabbi Irving M. Levey as 150 persons paid homage to the memory of the world-renowned physicist and mathematician. Levey, chaplain for the Hillel Foundation of Princeton University, spoke at the Friday night services of the Jewish group. The main portion of the service was readings by members of each present Princeton University class from Einstein's 1954 book, "Ideas and Opinions."

### Strong About Formosa

Taipei, Formosa, April 22 (AP)—High Nationalist Chinese officials rejected beforehand today any proposal that might be made for Chiang Kai-shek's forces to abandon the coastal island groups of Quemoy and Matsu.

"absurd — ridiculous — unthinkable — impossible," these officials said of Washington reports that the United States may seek a ceasefire which would mean giving up the islands to the Communists. The officials declined to be named. They said the question was a hypothetical one. They insisted that the United States had at no time suggested, directly or indirectly, that those offshore islands be yielded to the Reds, as were the Tachens.

Bill Is Rejected

Albany, April 22 (AP)—Gov. Harriman today turned thumbs down on a bill drafted after a complaint from a truck driver and his helper, who weighed a combined 300 pounds. The measure, vetoed by the governor without comment, would have excluded the weight of a driver and helper in computing the gross weight of a loaded vehicle.

#### Written for NEA Service

The bidding of today's hand is not recommended. In the actual game, however, it wasn't quite as silly as it looks in print. South was a fine player, the opponents were somewhat less than expert, and this was the last rubber of the evening. This, if ever, is the right sort of time to take a stab at a sketchy slam. If West had opened a heart, there would have been no story, but who can blame West for opening the "safe" king of diamonds? South won with the ace of diamonds and led a spade to the ace in order to try the club finesse. If South had decided to bang down the ace of clubs, the party would have been over, but South actually took the finesse and lost to the king of clubs.

Now West thought that he had a problem. He couldn't afford to lead a diamond, and he thought that a spade lead might serve to break up some kind of possible squeeze. (This is a rather vague statement, but vague was also the word for West's state of mind.)

Declarer won the spade return with dummy's king and immediately began to run the rest of his trumps without bothering to cash dummy's queen of spades. South had been expecting a heart return, and he had done his planning while West had considered the return lead. South saw no advantage in cashing the queen of spades and going down a safe and sane one trick. Far better to give up an extra 100 points in the hope of making the slam with some sort of swindle. You might think that South had absolutely no chance to make his slam, but you'd be wrong. South cashed one club after another, and both opponents lost track of each other's discards. West threw his last spade, but East didn't notice it. East blindly assumed that declarer must have another spade to lead to the dummy.

By the time that South led his last club, East could save only two cards. He had already thrown away the king of hearts, and now threw the ace! West had saved the queen of diamonds and one heart, so South took the last two tricks with the queen and eight of hearts, making his slam.

## Birthday Party Leads To Police Chase

New York, April 23 (AP)—Police fired 14 shots during a chase through the midtown area early today before capturing six youths in a car loaded with baffle signs and other city equipment allegedly stolen from Central Park.

At least two of the shots hit the fleeing auto, but no one was injured. Police said the teen-agers attended a birthday party in the Bronx last night and decided to drive downtown and "have some fun."

### Seeks Data on Fliers

Bandung, Indonesia, April 23 (AP)—Rep. Adam Clayton Powell (D-N.Y.) said today he has asked Communist Chinese Premier Chou En-lai for a conference on the 11 U. S. fliers imprisoned by the Peiping regime but has not yet received an answer. He said he made his request in a written note clearly marked unofficial. The New York Negro leader is attending the Asian-African conference here as an unofficial observer. He said he had not consulted with U. S. diplomatic officials before writing the letter.

## President to Address AP on World Trade

New York, April 23 (AP)—The White House says President Eisenhower's address Monday at the Associated Press luncheon will make world trade his principal topic.

Press Secretary James C. Hagerty told newsmen yesterday in Washington the President "believes that trade is the bridge between a prosperous America and a free world at peace."

The President's speech will be carried live on the CBS and NBC television networks at 2 p. m., Eastern Daylight Time (1 p. m., Eastern Standard Time).

The talk will be carried live on the NBC Mutual and ABC radio networks at the same time. At 4:30 p. m., Eastern Daylight Time (3:30 p. m., Eastern Standard Time), CBS will broadcast a tape recording of the speech.

### Harriman Lehman Meet

New York, April 23 (AP)—Gov. Averell Harriman, Sen. Herbert H. Lehman (D-N.Y.) and 14 of New York state's 17 Democratic congressmen met today at Harriman's New York apartment to discuss legislation affecting the state. The governor's office said yesterday that New York Secretary of State Carmine G. De Sapio also would attend the conference. De Sapio is a Democratic national committeeman and leader of Tammany Hall, Manhattan's Democratic organization.

### Stabs Self in Leg

Peter Brennan, 12, of 79 West Chestnut street, was showing a group of boys his knife on Broadway near Pine Grove avenue about 9:30 p. m. yesterday when he accidentally stabbed himself in the left leg, according to a report on the local police blotter. Officer Charles McCullough, who investigated, reported that Brennan was treated at Kingston Hospital and released. The knife was taken and turned over to Police Chief Raymond Van Buren.

### Ships Burn at Niagara

Niagara Falls, Ont., April 23 (AP)—Today, for the first time since 1885, Niagara Falls is without a Maid of the Mist. The two famed cruise ships, which took tourists almost underneath the Horseshoe Falls and close to the American Falls, burned yesterday in drydock while being refitted for summer. Fire Chief John C. Shapton of Niagara Falls collapsed while directing operations and died a short time later in a hospital. Two workmen were injured. Authorities said a spark from a welder's torch ignited a tarred canvas covering both double deck ships.

### Strong About Formosa

Taipei, Formosa, April 22 (AP)—High Nationalist Chinese officials rejected beforehand today any proposal that might be made for Chiang Kai-shek's forces to abandon the coastal island groups of Quemoy and Matsu. "absurd—ridiculous—unthinkable—impossible," these officials said of Washington reports that the United States may seek a ceasefire which would mean giving up the islands to the Communists. The officials declined to be named. They said the question was a hypothetical one. They insisted that the United States had at no time suggested, directly or indirectly, that those offshore islands be yielded to the Reds, as were the Tachens.

### Bill Is Rejected

Albany, April 22 (AP)—Gov. Harriman today turned thumbs down on a bill drafted after a complaint from a truck driver and his helper, who weighed a combined 300 pounds. The measure, vetoed by the governor without comment, would have excluded the weight of a driver and helper in computing the gross weight of a loaded vehicle.
